

GENERAL COURT-MARTIAL ORDERED FOR BUTLER; STIMSON APOLOGIZES

Jos. Smith Is Named Real Estate Commissioner

SELECTION BY GOVERNOR ANNOUNCED

Well Known Realty Broker
Given One of Most Im-
portant State Offices
WILL DEPART SOON
New Appointee Has Been
In Santa Ana For Over
20 Years As Resident

THE APPOINTMENT yesterday of Joseph P. Smith, widely known Santa Ana real estate man, to the post of real estate commissioner for the state of California by Governor James Rolph, makes the second important state post that has come to Orange county with the new administration. The other Orange county appointment was that of Phil A. Stanton to the state highway commission.

Smith, who is 60 years old, has lived in Santa Ana for the past 20 years and has been engaged in the real estate business all that time. He came to Santa Ana from Oklahoma, where he was an attorney. He was active in organizing the Santa Ana Realty board in 1914 and has been closely in touch with all problems of the profession. During recent years he has specialized in handling high class orange grove properties.

The new commissioner said today that he would assume the office as soon as he could qualify and close up his business in Santa Ana. The law requires that the commissioner quit the real estate business before taking office. He hopes to be able to leave for Sacramento within the next few days. The salary of the post to which the Santa Ana man was appointed is \$6000 a year. He succeeds Stephen Barnson, of San Diego, who resigned several weeks ago.

No decision has been reached by Smith concerning any appointments of deputies he will

MRS. MCCORMICK'S PETITION UPHELD

CHICAGO, Jan. 29.—(UP)—The petition of Mrs. Catherine Dexter McCormick that she be appointed sole conservator for her husband, Stanley R. McCormick, incompetent, was upheld by the appellate court here after two lower courts had denied the plea.

Reversing the ruling of the lower courts that McCormick's residence in California denied them jurisdiction in the case, the appellate court remanded for new trial the earlier rulings.

A California court had appointed Mrs. McCormick, Harold F. McCormick and Mrs. Anita McCormick Blaine, brother and sister of the incompetent, as conservators.

RELIEF FUNDS IN SANTA ANA NEARING GOAL

Red Cross Chapter Reports
\$3215.97 Subscribed
Up to This Morning

EIGHTY PER CENT of the \$4000 quota given the southern half of Orange county in the drive for \$10,000,000 to be used by the Red Cross in drought relief has been raised. Today the total amount turned in to the local Red Cross treasury to be transmitted to the national Red Cross treasury for immediate use is \$3215.97.

"I believe and very much hope that our quota will be completed this week," said T. E. Stephenson, chairman of the Red Cross chapter. "We have always met every call of the Red Cross promptly, and whenever a quota has been given us we have generously gone beyond it, and by reason of the great need that there is for this money I hope we can go well beyond \$4000 in this call. The \$800 remaining may be the hardest to raise."

"The response has been quite remarkable when we consider the situation. First of all, there was no great catastrophe, such as we had when earthquake came to Japan or flood to the Mississippi valley. Catastrophes of that kind have a dramatic appeal; the full horror of the situation is brought strikingly to us. The situation throughout the drought-ridden states is more distressing and more widespread than in any other relief undertaking the Red Cross has had in America."

"It is quite evident from the response that has come in to the Red Cross chapters in Orange county fully realize that the activity of certain United States senators is for political purposes, the purpose being to bother President Hoover and to add themselves at home. The response also shows quite plainly that there is a strong

PITTSBURGH MAN GETS EDISON MEDAL

NEW YORK, Jan. 29.—(UP)—Dr. Frank Conrad of Pittsburgh, assistant chief engineer of the Westinghouse Electric and Manufacturing Company, was awarded the 1930 Edison medal last night for outstanding achievement in the field of electricity.

The award, made annually by the American Institute of Electrical Engineers, was given this year to Dr. Conrad for his work in the development of public broadcasting and short-wave transmission. It was linked by Dr. Conrad that developed into Westinghouse station, KDKA, over which the first public broadcast was made.

HOUSE COMMITTEE OPPOSED TO RED CROSS RELIEF FUND

HOOVER FORCES RESUME FIGHT ON VETS CASH

Mellon, Mills and Hines Go
Before House Ways and
Means Committee

WASHINGTON, Jan. 29.—(UP)—The administration's attempt to check the growing campaign for cash payments to war veterans was transferred to the house today. Secretary of Treasury Mellon, Under-Secretary Ogden Mills and Director Frank T. Hines of the Veterans' bureau, appeared before the ways and means committee to reiterate opposition to these proposals expressed before a senate committee yesterday.

Mills opened the administration plea by reading to the committee the statement Secretary Mellon made before the senate finance committee and all the other letters the treasury secretary has written since the agitation first began at the outset of the session. Mellon opposes the proposal as uneconomical, as endangering government finance, as of little use in aiding the present business depression, and says the veterans would be more benefited by holding their certificates as insurance. The treasury estimates the cost of full cash payment of the matured value of the adjusted service certificates at \$3,400,000,000, while Mills said it would cost the government between \$1,700,000,000 and \$2,100,000,000 to pay off the present cash value of the certificates. Mellon argued that because of many government bonds now outstanding and others soon to come due it would not be wise to issue additional bonds at this time to cover the cost of the bonus as has been suggested. He doubted that they could be easily absorbed now.

Agitation for a cash bonus was blamed for a drop in the government bond market in the last few days under secretary of the treasury Ogden L. Mills. Representative Rainey, Dem., Illinois, pointed out that the bond market had dropped after Mellon's opposition to the bonus yesterday before the senate finance committee, and asked Mills directly, "Don't you think that was a manipulated market?"

"No, I don't think so," Mills replied. "We've had a very weak market all the week. There's what you've got to expect when the house of bonds hear that the government may flood the market with \$3,500,000,000 of bonds to pay off the soldier bonus. Naturally they are going to sell these bonds."

Pointed criticism of Secretary Mellon was voiced by Rep. Patman, Dem., Texas, in appealing to the senate finance committee for favorable action on the bills. "With all due respect to the treasury department, I don't believe we should take the statement of the treasury every time. We all know Mr. Mellon has been against veterans' legislation."

WOODSMEN SEEKING BODY OF AVIATOR

CAMAS, Wash., Jan. 29.—(UP)—In the wild, wooded country near the foot of Bluff mountain, 10 miles northeast of Washington, Wash., a group of expert woodsmen today sought the body of Walter E. Case, aviator pilot. Presumably his body will be found, as three aviators identified a wrecked plane Wednesday afternoon as that of the Varney Air Lines pilot, who disappeared last Thursday while flying the regular air mail route between Portland and Pasco, Wash.

The plane was not burned and it appeared that Case flew directly into Bluff mountain, a solid rock peak that towers about 1000 feet

Seven Found Alive After Mine Blast

Twenty-eight Known to Be
Dead in Indiana Shaft
at Dawn Today

LINTON, Ind., Jan. 29.—(UP)—Seven miners who had been given up as dead were found alive at dawn today in the Little Betty mine shaft, leaving 28 known dead from a blast which late yesterday wrecked the shaft.

The death toll was fixed in an official report from the mine after the body of Fred Reed, the last to be recovered, was removed. All who were in the shaft when the explosion occurred were killed save nine, of whom two walked out last night.

The other seven, caught deep in the earth, bratticed a small side-chamber, knowing their oxygen supply would last only a few hours. The rescue was becoming fouled when rescue squads cleared the entry this morning.

State and federal officials announced today after a survey of the situation that the explosion which rocked the mine and trapped the miners a mile back in the tunnel had been caused by gas. They said a fall of slate had revealed the porous lime rock formation from which the gas exuded.

Survivors described the explosion as a "burning cyclone," and said the charred condition of the bodies bore out their description. It was impossible to make a positive identification of the 18 bodies that had been recovered, as they were burned almost beyond recognition.

Joe Wallace was among the first reported as dead. But rescue workers administered first aid to him. He was revived, and physicians said he would recover. Earl Bedwell was taken out alive, but died. Many of the bodies were mutilated and burned beyond recognition.

Nine bodies were removed from the mine before midnight. Wallace and Burris were taken to a hospital. The other 24 bodies were left in the mine until the rescue crews, made up principally of men from other mines could clear the shaft of the poison gas.

It was said not more than two of the bodies could be brought out at a time. They were laid together in rows in one section of the mine where the air was pure, the workers said. At least seven of the rescue workers were overcome by poison gas or dropped from exhaustion during the night. One of them, Jim Wall, boss of another mine, was taken out unconscious. It was feared he would die. An hour later he stumbled back into the shaft and at 5 a. m. today yawned and came out again. His fellows did not want him to return, but he was their boss and they couldn't stop him. Men are like that around Linton, where the only industry is coal mining and mine blasts are expected hourly.

Hundreds of men and the entrance to the mine all night, a first aid hospital was set up nearby for the rescue workers who needed medical attention.

MEXICO AIR LINE IN OPERATION SOON

MEXICO CITY, Jan. 29.—(UP)—President Pascual Ortiz Rubio and other officials will attend the inauguration of the Mexico City-Laredo division of the new air service being organized by Mexican Central Airways, Inc., an American concern. The Laredo line will be extended to Dallas and passengers may make the journey from Mexico City to Dallas in eight hours.

STOCK PRICES TAKE SPURT ON MARKET TODAY

Auburn Auto and Worth-
ington Pump Advance
Over Six Points

NEW YORK, Jan. 29.—(UP)—The stock market today overcame another reaction, forcing bears to cover and this buying-some of which extended into the forenoon of the old bull market—brought prices up in nearly all sections.

Auburn auto and Worthington pump furnished features, both gaining more than six points in heavy turnover.

Other special movements stood out while the tried leaders moved in a narrower range. Pool activity developed in Radio Corporation, which turned over in huge blocks at rising prices. International telephone had another move upward. Motion picture shares turned active. Bethlehem steel was firm on increased operations which offset any effect anticipation of a poor report for the fourth quarter might bring. This report is due around 4 p. m. today.

The rally in stocks paralleled a slightly better tone in U. S. government issues, which resisted pressure after another severe break brought on by prospects of flotation of a huge issue to pay veterans' compensation should congress adopt the present bonus legislation.

Ability of the market to rise in the face of such possibility was sufficient to drive shorts to cover. Montgomery Ward was carried up on a favorable fourth quarter earnings report which turned a deficit into a profit. Expectation of higher earnings for Paramount helped that issue, and it together with Loew's led the amusements upward.

U. S. steel showed a tendency toward firmness after early weakness. Allied Chemical came back and gains ranging to a point were recorded in American Can, Vanadium, DuPont and Johns-Manville. Electric Power and Light led the utilities upward. Communications were up with international telephone.

Coppers were mixed with Anaconda and American Smelting higher. Railroad shares were featured by a rise of more than 2 points in Atchafalpa. Oils firmed up late in the day on prospects of a rise in gasoline prices in eastern territory.

Two Arrested for Failure To Report Shooting of Man

SANTA CRUZ, Calif., Jan. 29.—(UP)—Dr. M. J. Gates was at liberty today on \$2000 bail and Mrs. Nettie Moore, a nurse, freed on her own recognizance, following their arrest for allegedly failing to report to authorities the case of Leslie A. Thornehill, recently mortally wounded during an argument with his wife.

Both claimed they were "too busy attending the victim" to inform the police of the incident. Thornehill died later from the bullet wounds. Mrs. Thornehill has been charged with his murder.

Husband Files Suit After Wife's Film Shown In Theater

PARIS, Jan. 29.—Nelson Morris, of Chicago, continuing his efforts to prevent his French actress wife, Jeanne Aubert, from appearing on the stage, sued the Franco Film company for 400,000 francs (about \$16,000) today for showing a film at the Gaumont place in Paris in which Morris claimed that his wife "was costumed contrary to conjugal decency."

25 Million Amendment Voted Down

Proposal That Amount Be
Turned Over to Hoover
Also Defeated

WASHINGTON, Jan. 29.—(UP)—The house appropriations committee voted, in effect, today against the \$25,000,000 Red Cross relief fund in the interior department appropriation bill by deciding to disagree on this and other senate amendments and send the bill to conference.

The committee voted 13 to 11 to disagree with the senate amendments.

By the same vote, the committee rejected a proposed amendment by Rep. Byrns, Dem., Tenn., which would have turned over \$25,000,000 to President Hoover to be administered by some governmental agency in view of the refusal of the Red Cross to accept the fund.

The committee was to report to the house later today on its decision, with a motion to send the disputed measure to conference.

The committee also voted down a proposal by Rep. Taylor, Dem., Colo., that the \$25,000,000 be voted to President Hoover and that he do as he saw fit with it. There was no standing vote on this.

Byrns criticized the Red Cross refusal to accept the money in a vigorous speech in the secret committee session. The committee also voted down a proposal by Rep. Taylor, Dem., Colo., that the \$25,000,000 be voted to President Hoover and that he do as he saw fit with it. There was no standing vote on this.

\$1,000,000 LEFT BY CHICAGO PACKER

CHICAGO, Jan. 29.—(UP)—An estate valued at more than \$1,000,000 was left to the family of the late F. Edgar White, president of Armour & Company, who fell to his death on January 15. It was revealed when the packer's will was filed in probate court yesterday.

The bulk of the estate, according to the will, is to be held in trust, one-third of the income to be left to the widow, Mrs. Lillian P. White, and the other shares equally between White's two daughters, Mrs. Gertrude W. Spencer and Mrs. Hester W. Kemp.

GALLOWS AWAITING 3 COLORADO KILLERS

CANON CITY, Colo., Jan. 29.—(UP)—The gallows at the Colorado penitentiary, where 37 men have been put to death, was made ready today for the triple execution of the Manter brothers.

Tonight or tomorrow night, John Walker, 45, Claude Ray, 24, and Andrew Halliday, 22, are scheduled to be hanged for the murder of U. S. Marshal Coral A. Hickman, at El Paso, Colo., last March. They were convicted of shooting Hickman as they fled from Manter, Kas., where they had robbed a bank.

NORTH DAKOTA MOB LYNCHES WHITE SLAYER

Youth Dragged From Jail
and Hanged From Rail
of Creek Bridge

SCHAFFER, N. D., Jan. 29.—(UP)—Enraged citizens broke into the Mackenzie county jail last night to obtain Charles Bannan, 22, confessed slayer of a family of six persons who was to have gone on trial today, took him to the Cheery Creek bridge and lynched him.

The citizens came to the jail in 16 automobiles and two trucks. They told Deputy Sheriff P. Hallam, who was on guard in the office that they had come for the keys of the jail so they could lynch young Bannan.

The deputy sheriff refused to hand over the keys. "We'll get him anyway," the group shouted in defiance.

Hallam was unable to notify outside officials to call for help because the telephone line going out of Schaffer had been cut.

The group then gathered logs which were near the jail, broke down the door and into Bannan's cell. Bannan was in the first of the four cells of the jail.

While the citizens were dragging him from his cell, young Bannan pleaded "Save my dad. He's not guilty." His father, who was suspected of helping young Bannan in killing the Haven family, was held in the jail along with a convict named Mathes.

Young Bannan was loaded on a truck and taken to the Cheery Creek bridge, east of Schaffer. A pointed pole was used to pull the slip knot was adjusted around his neck. The other end of the rope was attached to the bridge railing and he was pushed over.

ACTRESS GRANTED DIVORCE IN RENO

RENO, Nev., Jan. 29.—(UP)—Dorothy De Garson, known in the films as Dorothy Dunbar, was granted a divorce here late yesterday from Jaime S. De Garson, wealthy South American.

Mrs. De Garson charged mental cruelty and was allowed to resume her maiden name of Dorothy Wells.

MARINE HEAD IS ARRESTED BY HIMSELF

Secretary of State Ex-
presses Regret to Mus-

TO CONVENE COURT

Arrangements Begun to Try
Officer Before Jury of
U. S. Naval Officials

WASHINGTON, Jan. 29.—(UP)—Secretary of State Stimson today made formal apology to Italy for statements made by Major General Smedley D. Butler regarding Premier Mussolini of Italy, in a speech at Philadelphia last week. The apology was made two hours after Secretary of the Navy Adams had ordered Butler, one of the most distinguished American marine corps officers, court-martialed.

Stimson personally made the formal expression of regret over the affair to Italian Ambassador Giacomino de Martino, who called at the state department to receive the apology.

Stimson explained to De Martino that Butler's speech was an "unauthorized action" and informed the ambassador of the navy's action in ordering the general court-martialed.

Admits Speech
Butler, in answer to a demand from the secretary of the navy yesterday had admitted he told an audience at Philadelphia that an American friend had informed him Mussolini had commented that a single life was nothing compared to the life of the state, when Mussolini's automobile allegedly had run down a child.

Butler also was said to have spoken of "mad dogs" threatening Europe and to have commented that Mussolini was among those awaiting an opportunity to start another war.

Butler's explanation to the navy department was received late yesterday. Early today a conference was held among high officers of the department and the court-martial decided upon. Orders were dispatched to Butler at Quantico, Va., marine base, to place himself under arrest. He did so within 15 minutes, turning over command of his post to Brig. Gen. Randolph C. Berkeley, who under arrest he is confined to the limits of the Quantico reservation and is not permitted to discuss the case with anyone.

To Convene Court
Arrangements for convening the court were begun immediately in Washington, but it may be several days before the court can be opened. A pointed note to the fact that the slip knot was adjusted around his neck. The other end of the rope was attached to the bridge railing and he was pushed over.

Secretary of State Stimson received Ambassador De Martino about an hour after the order for the court-martial was issued. They were closeted together for a considerable time. When De Martino issued the following statement:

"Having learned from the navy department that Maj. Gen. Smedley D. Butler U.S.M.C., has admitted that the quotation of his remarks in the press was substantially correct, I have this morning handed a

SCIENTISTS VIEW WHALE'S SKELETON

LOS ANGELES, Jan. 29.—(UP)—Bones—not the kind your dog digs up—but the petrified skeleton of a whale, today was regarded as positive proof that this section of the Pacific coast was under water some 3,000,000 years ago.

The discovery was examined by paleontologists, who declared it was the first complete skeleton ever found intact, and one of the most important finds to date of that era in the tracing of marine vertebrates.

The skeleton, they said, was that of the beak whale, belonging to the maceus period. It was 30 feet in length, with a skull which measured five or six feet from the mouth to the neck vertebrae.

JAPAN TO SEND BIG SQUAD TO OLYMPICS

TOKYO, Jan. 29. — Japan will send about 130 athletes to the 10th world's Olympic Games, which will be held at Lake Placid and Los Angeles in 1932, according to the Japan Times.

The winter sport events will be held at Lake Placid in February and the track, swimming and other contests at Los Angeles in July and August. In view of the great athletic progress which Japan has made in recent years and also of the fact that the expenses of sending athletes to the United States are far less than to Europe, Japan's Olympic contingent next year will be the largest since this country entered the international games.

Japan will participate in three new events, soccer, hockey and skating. In the last Olympics she took part in track, swimming, rowing, boxing, equestrian sports, skiing and wrestling. Wrestling will be given up in 1932 on account of a lack of suitable candidates.

Publicists Apology

Stimson gave out the text of the written apology which he had handed to the ambassador. It was as follows:

"Excellency: I have the honor to express the deep regret which this government feels at the reflections against the prime minister of Italy in the unauthorized speech of Maj. Gen. Snodley D. Butler, United States marine corps, at Philadelphia, on January 19.

"The sincere regrets of this government are extended to Mr. Mussolini and to the Italian people for this discourteous and unwarranted utterance by a commissioned officer of this government on active duty.

"Accept, excellency, the renewed assurance of my highest consideration."

Claim Vanderbilt Told Butler Story

PORTLAND, Ore., Jan. 29. — (UP)—Clarence H. White, general manager of the Ellison-White byrum circuit, said today that the story concerning Maj. Gen. Snodley Butler was ordered court-martialed, was told to Butler and a group of men by Cornelius Vanderbilt Jr., in New York, in November, 1920.

Present at the time, White said, were Butler, White, Louis J. Alberts, of Cleveland, O.; O. B. Stephenson, of Chicago; M. C. Turney, of Dallas, Tex.; P. M. Nelson, of Pittsburgh; E. A. Wicks, of Boston; A. Mr. Saylor, New York newspaperman, a Miss Curtis, a singer, and two others.

"The story (told by Butler) about Mussolini's reckless driving and his actions after running over a little girl is true to that description given by Cornelius Vanderbilt Jr.," White said.

Vanderbilt said that Vanderbilt cited the incident in relating how he won a wager that he could interview certain prominent Europeans, saying that Mussolini invited him on a four-day auto trip.

Mussolini preferred to drive his own car, a fast automobile according to Vanderbilt, White continued.

He said Vanderbilt described the accident wherein Mussolini struck down the little girl and drove on.

"Vanderbilt said he protested and suggested that they stop but Mussolini passed it off with a gesture and a remark that they did not have time, or something similar to that."

"Vanderbilt made quite a story," White concluded, "about his wager and particularly this part about Mussolini."

Court Notes

Dissolution of their marriage, custody of their three minor children, and a fair division of community property is asked in a complaint filed in superior court today by Elsie Thomas against William E. Thomas. The Thomases were married March 4, 1910, and separated January 1, 1931. The action is based on charges of cruel and inhuman treatment.

Inventory and appraisal of the estate of Margaret Williams, which was filed with County Clerk J. M. Backs, shows that the assets of the estate are valued at \$2000.

Quiet title to property located in Rancho Santiago de Santa Ana is asked in a suit which was filed today by S. H. Finley against Joseph Watson, et al.

The trial of B. J. Morey against Addies F. Bovee, based on a deal involving the trade of an orange grove and an apartment building, was continuing today before Judge James L. Allen in department two of superior court.

Charges of failure to provide and cruel and inhuman treatment are made in a divorce complaint which has been filed in superior court by Mae Langseth against Grant Langseth. They were married in San Diego on October 19, 1926, and separated December 22, 1930. The plaintiff asserts that her husband has struck her on several occasions, has been arrested several times for drunkenness and is now serving a term in jail on a charge of reckless driving.

MISSING WOMAN IS FOUND TODAY

Florence Gluck, Santa Ana woman, who has been missing from her home at 2407 Poinsettia, since January 24, was found today at Newport Beach police department.

An extensive search for the woman has been conducted by the Santa Ana police department since last Tuesday, when friends reported her missing from her home. She recently suffered a nervous breakdown and fear for her safety was felt, it was reported.

The Newport Beach police reported they had been unable to learn where the woman had been staying at the beach. She was found strolling along the ocean front near 16th street this morning, and returned to Santa Ana.

CHARGE WEST POINT WITH 'RECRUITING'

MILWAUKEE, Jan. 29. — (INS)—A new charge of recruiting was made against West Point athletic officials today by Coach Frank Murray of Marquette university.

Murray, who is head football coach, stated he had been approached by Army scouts in Boston last fall, urging him to use his influence to get Francis Deir, veteran Marquette fullback, to enter the military academy.

"If you get this fullback to come down to the Point we'll take care of his commission," they assured him, Murray declared.

have to make. When apprised of his appointment last night he issued the following statement: "I intend to give the office an economical and efficient administration of its affairs for the benefit of the entire real estate profession and the public. I plan to contact as many brokers, agents and salesmen as possible so that I may become more fully acquainted with their problems and extend the fullest cooperation to all."

The new commissioner will maintain his home in Santa Ana, where he lives at 120 South Broadway.

During the primary and general election campaigns last year, Smith's office on West Third street was headquarters for the Rolph forces in Orange county and he was chief aide to Dr. R. A. Cushman, Orange county manager for the governor.

In announcing the appointment of Smith, Governor Rolph said that the new commissioner had the endorsement of the real estate men of the state as well as leading financial and commercial interests and legislators of Orange county.

Since the resignation of Barnson, the department has been in charge of Chief Deputy T. A. Kelly, head of the Sacramento office of the department. Other offices are established at Fresno, San Francisco, Oakland, San Diego and Los Angeles.

Smith is active in Masonic circles, being a member of a Scottish Rite, a member of the Knight Commander of the Court of Honor. He is a former president of the Orange county Shrine club and has been secretary of that organization for the past five years.

William Crose Passes Today

William H. Crose, 70, a resident of Santa Ana since 1911, died this morning at his home at 622 Riverline street. He died of heart trouble after having been confined to his bed for two weeks.

He is survived by his wife, Mrs. Martha Crose, and a daughter, Mrs. Helen Hart, of Kingman, Arizona.

Funeral services will be held at the Smith and Tuthill Funeral home. The date of the funeral will be announced later.

NATIVE DAUGHTER AT ORANGE DIES

Funeral services for Mrs. Tillie Bandick Gittins, 43, who died at her home at 1550 Willits street Wednesday, will be held at the St. John's Lutheran church in Orange at a time to be announced later by Harrell and Brown, funeral directors.

Mrs. Gittins is survived by her husband, Lyman S. Gittins; one daughter, Lorna Lorraine Gittins; three sisters, Mrs. Will Lester, of Hickman, Kas.; Mrs. George Dierker and Mrs. Fred Dierker, of Orange; six brothers, Henry, Fred, Ernest J., Frank, Herman and George Bandick, all of Orange.

Mrs. Gittins is a native daughter of California, having been born and raised in Orange. She moved to Santa Ana 10 years ago. She was prominent in church affairs, having been a member of the Lutheran church in Orange for many years.

Triple Tragedy Affects Santa Ana Residents

A grade crossing tragedy which occurred at the Clearwater cross-

ing of the Pacific Electric lines Tuesday night, snuffing out the lives of a husband, wife and daughter, involved relatives of Mrs. Ed Kolbe, of 918 North Flower street. Those killed in the crash were Mr. and Mrs. Fred Lierats and their daughter Dorothy of Hynes. They are cousins of Mrs. Kolbe.

Mrs. Kolbe and her husband, who is court clerk in department two of the Orange superior court, will attend the triple funeral, which is to be held at the Downey Catholic church at 8 a. m. Friday.

Three members of the Lierats family, boys 13, 15 and 20 years of age, who were not with their parents and sister as they were returning from Los Angeles the night of the crash, are among the surviving relatives.

"The Best in Hardware Since 1887"

Yes, you can fill your basket up to the top with all those low-priced "Specials" if you have a Frigidaire to keep them in.

For, in Frigidaire, foods will stay fresh and sweet until you are ready to use them. A surplus-powered mechanical unit attends to that. Even when your kitchen feels like an oven your Frigidaire will still be as cold as a frosty winter night.

In other words, you can safely stock your Frigidaire to capacity whenever you wish. You can do most of your marketing for the entire week on "bargain" days.

And this is only one of many ways that Frigidaire reduces household expenses. For this outstanding refrigerator embodies dozens of improvements and refinements that make it the truly economical refrigerator to own and to use.

As a matter of fact you will find that Frigidaire quickly pays for itself. And long after it has achieved this, it keeps on saving—day after day and year after year.

SOUTH ORANGE COUNTY COAST AREA AFFECTED

An order to show cause and a restraining order issued today by Superior Judge H. G. Ames in connection with a suit brought by S. H. Woodruff, developer of Dana Point, against the Capistrano Beach sanitary district and board, will halt, at least temporarily, proceedings that had been started in the southern part of the county to annex Dana Point to the Capistrano Beach sanitary district.

The order restrains the district and members of the board from taking any action on a petition seeking annexation of Dana Point territory, other than continuing it until after the hearing on the order to show cause, which is returnable at 2 p. m. on February 6. Members of the board against whom the complaint is directed by the sub-divisor are Aaron Buchheim, president; E. L. Holly, secretary; Walter N. Congdon, Leo Dietze and Arthur J. Kuss.

The matter of annexation was scheduled to be heard before the Capistrano Beach sanitary district board at a meeting at 7:30 p. m. tomorrow in the Serra grammar school, for the purpose of determining whether an election would be held in response to a petition which was filed with the board on January 14. The petition was signed by Mrs. A. G. Walters and nine other persons.

According to the complaint which was filed by Woodruff, the territory included in the district described in the petition included property he owns at Dana Point and leaves out some 600 acres in which he has a beneficial interest. Assertions are contained in the complaint that the petition and description of land sought to be annexed are faulty, that no legal notice of the hearing was given, that the board of the Capistrano Beach sanitary district is wholly without jurisdiction and any action taken would be illegal and invalid.

The Woodruff complaint asks that the hearing on the order to show cause determine whether or not a restraining order shall issue from the court to prevent the sanitary district board from taking any further action on the annexation matter—except continuing it from time to time—until after the formation of the Dana Point Sanitation district, which is now pending before the board of supervisors, shall have been finally determined.

The supervisors adopted a resolution of intention to form the Dana Point district at their meeting last Tuesday and set March 3 as the time for protests. Woodruff's complaint asserts that any action on the part of the Capistrano Beach sanitary district board will delay the action of the board of supervisors.

NEW RUBBER
SAN FRANCISCO.—A new \$150,000 plant to manufacture rubber from the guayule rubber plant has been started. DEATHS
A WORD OF COMFORT
Superior accomplishments in any walk of life stand out in bold relief for a time, and then fade as later years are marked by others or new modes emerge upon the horizon.
Greatness of character alone abides, and its influence is cumulative through the years. It is the unimpaired personality that is developed through men's surmounting the hard things of life; not through being carried through hardships, loneliness or sorrow.
Your great contribution to the world is to be made not so much by what you do in your business or profession as by the courage and faith you manifest amid the shadows. This is your great opportunity-time, and God is with you.

REED—At Balboa, January 28, Miss Adeline Reed, 23, daughter of Mr. and Mrs. Clarence H. Reed, of 515 Central avenue, Balboa. Funeral announcement will be made later by Groves and Riesenberg, of Costa Mesa. Miss Adeline Reed had been a resident of Balboa for the past 10 years.

CROSE—At his home, 622 Riverine Ave., Jan. 28, 1931, William H. Crose, aged 70 years. Mr. Crose has been a resident of Santa Ana for 15 years and is survived by his wife, Mrs. Martha Crose, and daughter, Mrs. Helen Hart of Kingman, Arizona. Notice of funeral will be given later by Smith and Tuttle.

TENNANT—Funeral services for Marilyn Marie Tennant will be held at 3 p. m. tomorrow at the Harrell & Brown Funeral home at 116 West Seventeenth street, the Rev. W. S. Buchanan, pastor of the First Christian Church officiating. Interment in Fairhaven cemetery.

GITTINS—Jan. 28, 1931, at her home, 1510 Wilshire street, Santa Ana, Mrs. Tillie Bandick Gittins, age 43 years. She is survived by her husband, Loman E. Gittins; one daughter, Lorna Lorraine Gittins; three sisters, Mrs. Will Lesberg, Harbinger, Kane; Mrs. George Dierker and brothers, Henry, Fred, Ernest J., Frank, Herman, and George Bandick, all of Orange. Funeral services, under the direction of Harrell & Brown, will be held at St. John's Lutheran church, in Orange, at 2 p. m. to be announced later.

AVILA—Jan. 28, 1931, John Avila, infant son of Mr. and Mrs. Joe Avila of Capistrano. Funeral services under the direction of Harrell & Brown, were held this afternoon at 3 o'clock, at the Mission San Juan Capistrano Cemetery.

Calvin Coolidge Says:

BY CALVIN COOLIDGE
NORTHAMPTON, Mass., Jan. 29.—One trouble with the arguments proposing to revive business by distributing a cash bonus among the veterans of the World war is that it proves too much. If only that were necessary to make good times probably we now should have our greatest peace-time prosperity for the amount of money being paid out by all our governments is the greatest on record. If prosperity is the goal a distribution of public money would evidently be more effective if given to everybody.

Another difficulty is the necessity of borrowing this fund. At a time when capital has been exhausted and needs to be recreated by earnings the distribution of large sums of borrowed money could only destroy prosperity. We cannot lift ourselves by our financial boot straps. Anyone familiar with governmental finance knows that borrowing increases the burden on production and is a wasteful process. The future is already over mortgaged. We need to conserve, retrench and reduce expenses to income.

What the veterans gave cannot be measured in money. It was priceless. Both paying a cash bonus and borrowing money to revive business are part of the same delusion that the people can rely on the government alone to furnish salvation.

GOETZ ARRESTED ON BOOZE COUNT

J. A. Goetz, service station operator at Delhi, was arrested late yesterday when city officers raided his place of business and are asserted to have found four pints of alleged bottled in bond whiskey.

Charged with possession and sale of whiskey, Goetz was in police court today but asked time to enter a plea. His case was set for next Tuesday morning at 10 o'clock. Bail of \$500 for each asserted offense was asked which the defendant did not make.

Sid Smithwick, assistant chief reported that one sale of whiskey had been reported against Goetz, this being effected by the police department just prior to the raid. Officers who raided the station were Smithwick, Swain, Murray, Hartley and Foster.

HOLDUP IN PARK NETS THIEF \$5

Vern Dennison, of 2017 North Broadway, was held up and robbed of \$5 at the point of a pistol in the hands of a bandit who staged the robbery at a time when Dennison was in one of the public buildings in Birch park at 1:30 a. m. today, according to a report filed with the city police.

Dennison reported he was standing in the building when another man came in, flourished a small nickel plated pistol and ordered him to give up his money. Dennison produced his pocketbook, the bandit took \$5 from it and then gave back the purse, he reported.

After leaving the building, the robber escaped in a small car which was parked on the street nearby.

W. C. T. U. URGES CAMPAIGN TO COMBAT WET PROPAGANDA

A resolution passed by the W. C. T. U. of Santa Ana and directed to the ministers and Bible school instructors of the city was made public today by a committee composed of Mrs. Margaret McClelland, Mrs. Effie Nicholson and Mrs. Mary M. Wager. Below is a copy of the resolution:

"In view of the fact that those who are seeking to overthrow prohibition are using every device in their power, public press, magazine story, moving picture and radio, to put over their propaganda, so as to deceive those who are personally dry:

"We, the members of the Women's Christian Temperance Union of Santa Ana, ask you to be on your guard in every way possible to offset the work of the enemy.

"We recommend that every sermon and prayer contain some telling thought as to the benefits of prohibition and the need of upholding the eighteenth amendment.

"We recommend that Bible school superintendents and teachers lose no opportunity of striking home some temperance dart each Sunday."

Also, was arrested by Deputies Dean and Zabel at San Juan Capistrano yesterday and is being held in the county jail for investigation.

Egan had several fountain pens and several bottles of perfume on his person at the time of his arrest, which he is asserted to have been "peddling" near San Juan Capistrano. Because of the suspicious actions of the man, he was held, while an investigation is being made, Zabel said.

HAROLD YOST WITH LE VECKE CONCERN

Harold Yost, formerly of the Yost-Halmay shop at Third and Main streets, announced today that he is now connected with the Santa Ana branch of the William LeVecke stores, dealer for the General Electric refrigerator.

Since closing out his store, Yost has looked carefully over the field with the intention of connecting himself with the most indispensable line he could find, he said. Having decided that the General Electric refrigerator is one of the most useful articles in the home, Yost, today is confining his efforts to the sale of these machines.

Arrest Seaman At Capistrano
Lawrence Egan, 48, who said he was a seaman from San Francisco, was arrested by Deputies Dean and Zabel at San Juan Capistrano yesterday and is being held in the county jail for investigation.

ENDS SERIES OF 4-CLUB MEETS

Maybell Eager, home demonstrator at large from the agricultural extension service of the University of California, sponsored the last of a series of meetings held in the county during the past week when a meeting was held last night at the home of Mrs. D. S. Jordan, Eighth street, Garden Grove.

The time was spent in making articles and garments that will be used by leaders of the girls 4-H clubs as standards of workmanship. Miss Eager gave leaders of the club who were present instructional material to be used in club activities during the coming year.

Club leaders who attended the gathering were: Mrs. F. L. Benson, of the Katella club; Mrs. H. W. Renneker, of Yorba Linda; Mrs. L. A. Rains, of Costa Mesa; Mrs. J. N. Chapman, Mrs. D. S. Jordan, and H. P. Nelson, of Garden Grove.

Miss Eager will be back in the county in April or March to continue her work in organizing and instructing members of the clubs in the most economic and efficient manner of making their own

Salesman Hurt In Collision Today

F. J. Casey, of 1408 North Broadway, salesman for the General Petroleum corporation, was slightly cut and bruised today when the car he was operating collided with a machine driven by H. E. Smith, Santa Ana, at Sixth and Broadway.

The Smith car, traveling west on Sixth street, stopped at the intersection to allow the Casey machine to pass south on Broadway when another car coming up at Smith's rear struck his car and caused it to crash into the Casey car. The Casey car overturned.

DIRECTORS OF LOAN CONCERN ARE SELECTED

The annual stockholders' meeting of the Southwest Building Loan association was held at its office, 217 North Broadway, at 2 p. m. yesterday. The entire board of directors of last year was re-elected, with the exception of John J. Harrison, who was replaced by F. Carl Mock. The following board will serve for the ensuing year: Alex Brownridge, C. H. Chapman, F. Carl Mock, G. L. Strobeck, S. C. Robertson, E. E. Pratt and A. C. Hasenjaeger.

WHEN RUN DOWN

Modesto, Calif. — "When I was a girl my folks at home always used Dr. Pierce's Golden Medical Discovery when I was in a general run-down state of health and I consider it the best tonic and blood enricher that a person can take. It is so invigorating and strengthening. The 'Golden Medical Discovery' did so much for me that I take pleasure in giving a statement for publication." — Mrs. Modesta Hubley, Route 1, Box 1713. All druggists.

Write Dr. Pierce's Clinic in Buffalo, N. Y., and enclose question list found with medicine for free medical advice.

On January 1, 1930, were \$220,000, and on January 1, 1931, this item had been increased to \$337,000, or an increase of more than 50 per cent for the year. Loans in force on January 1, 1930, were \$280,000, and on January 1, 1931, this item was \$407,000, an increase of \$127,000, or approximately 45 per cent. The accountant's report made during the first week in January showed only two loans more than three months delinquent, which was deemed highly complimentary for any financial institution in view of the business depression in view of the business in all lines, of business.

The profit and loss statement for the year likewise showed a very satisfactory net earning and the board of directors saw fit to declare a six per cent cash dividend for the six months period from July 1, 1930, to January 1, 1931. Last June a dividend of three per cent was declared, making a total of nine per cent dividend paid for the year.

El Rodeo Club Directors Meet

A meeting of the board of directors of El Rodeo Riding club of Orange county was held at the new clubhouse on Valencia avenue, Placentia, last night. It is expected that some interesting rides, club sports and dances soon will be announced.

Those present at the meeting were, president, Sam Jernigan; directors, John Wagner, Harold Curtis, Jack Waltz, Andy Moody, Leo Douglass, Ed Gaines, Dan Williams, Howard Timmons, and secretary, Alexander Anderson. The club year has just begun at this time.

BREAKFASTERS HEAR SKIT ON FAMILY LIFE

A reading by a drama student and the story of experiences in China by a man who has spent 38 years of his life as a missionary in that country was the fare provided by the program committee for members of the Santa Ana Breakfast club today.

Mrs. R. M. Conklin, who directed the presentation of "The Womanless Wedding" here several months ago, entertained the club with a skit entitled "Billy Brad and His Big Lie," in which the childish trait of enlarging on imagination for explanation of difficulties, and parental concern of the father and mother were graphically pictured.

Dr. F. Dickie, worker through the China Inland mission for 38 years, gave a story of some of his experiences in the Orient. He declared that learning the language was one of the most difficult tasks in connection with his mission work, as the Chinese alphabet comprises 213 characters. He told of his experiences in negotiating peace between two armies in saving a city from attack, after which he was permitted to hold meetings with the soldiers and secured 400 converts.

The retired missionary also told of living conditions in Chinese homes, where he said domestic animals were permitted to roam at will with the members of the family in the same quarters. He also told of the gospel message he carried to the Chinese people. The talk was closed with a verse of a gospel song sung in Chinese.

The program committee for the day was headed by Eugene Kahen, who was assisted by Edward Cochens. The committee for next week

ORCHESTRA TO PRESENT GREAT MASTERPIECES

Members of various local committees composed of prominent musicians and business and professional men and women from the respective communities of Santa Ana, Anaheim, Fullerton and Orange, who are co-operating for the successful furtherance of plans connected with the concert series to be presented by the new Orange County Philharmonic orchestra within the near future, met together in discussion at the Elks clubhouse in Anaheim yesterday noon. Louis Dane, of Anaheim, presided as general chairman of the joint committee.

Representatives from all over the county were in attendance at this joint meeting, and by-laws were discussed by representatives from the different communities. It was stressed during the discussion that the purpose of the new orchestra would be to give to young musicians of post-high school age, all over Orange county, an opportunity to play, and to the people an opportunity to hear the great masterpieces of the foremost composers, and to unite the citizens of the county in a great educational and inspirational undertaking for the general good of this section.

In discussing the problem of financing the anticipated concert series which will be offered by the new orchestra in the near future, it was stated that funds would be raised throughout the county as a

whole, with interested music lovers from each community contributing for the success of this project. The first rehearsal of the new orchestra was held Tuesday night under the direction of D. C. Clanton, who will conduct the organization in its current concert series. The next joint meeting of local committees representing all communities of the county will be held in Anaheim next Wednesday noon, February 4.

This Great Healing Oil Best For Pimples and Skin Troubles

Make up your mind today that you are going to give your skin a real chance to get well. You've probably been, like a lot of other people, convinced that the only thing to use was an ointment or salve (some of them are very good) but in the big majority of cases these sticky salves simply clog the pores and the condition primarily remains the same. Go to any good druggist today and get an original bottle of Moore's Emerald Oil—an 85 cent bottle lasts 2 weeks. The very first application will give you relief and a few short treatments will thoroughly convince you that by sticking faithfully to it for a short while your skin troubles will be a thing of the past. Remember that Moore's Emerald Oil is a clean, powerful, penetrating Antiseptic Oil that does not stain or leave a greasy residue and that it must give complete satisfaction or your money cheerfully refunded.—Adv.

kind to your
throat

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

Everyone knows that sunshine melloWS—that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING"—that extra, secret process—removes harmful irritants that cause throat irritation and coughing.

JAYCEE STUDENTS COMPLETE TESTS

Students at the Santa Ana junior college were relaxing tonight from a siege of final examinations which started last Thursday and continued up until this afternoon, and prepared for registration, which begins Monday.

Although many applications for admittance have been received and quite a few new students will enter at the mid-term, it is doubtful if the peak registration mark set in September will be reached. The sophomores will matriculate on Monday and the freshmen on Tuesday, with the first classes coming on Wednesday. There are 89 new courses offered for the second semester which were not scheduled for the term just completed, it was learned from McKee Fisk, dean of the college.

CHANGE SCHEDULE OF ELECTRIC CARS

Passengers coming from Orange on the Motor Transit buses who wish to leave for Los Angeles from Santa Ana on the Pacific Electric cars are assured of a good connection as a result of a new schedule to be put into effect by the Pacific Electric company on February 1.

The new schedule is as follows: Leave Santa Ana in the morning at 5:02, 6:52, 8:13, 10:13, 11:13. Leave Santa Ana in the afternoon and evening, 12:13, 1:13, 2:13, 3:45, 5:08, 6:13, 7:13, 8:13, 9:28 and 10:43.

VETERANS URGE COMPENSATION BILL PASSAGE

The immediate cash payment in full of face value of the adjusted

In the Morning!

Just take a pleasant-tasting candy Cascarets tonight and see how fine you feel next morning. You wake with coating gone from your tongue. Breath is sweet; eyes brighter; you feel like a different person. The most pleasant way to be rid of constipation is with candy Cascarets. They are made from cascara—a never-failing laxative—as any doctor will tell you—and a laxative that actually helps strengthen the bowel muscles. So the prompt, harmless relief Cascarets always bring is lasting! Their gentle, thorough action makes them ideal for elderly people. Children love their delicious candy flavor.

compensation certificates of World war veterans was advocated strongly by Jack Fisher chapter, Disabled American Veterans of the World war, at their meeting last night in the American Legion hall here.

The officers and members of the Orange county D.A.V. unit were unanimous in passing a resolution calling attention to the fact that the government had remitted both principal and interest to many of the debtor nations in amounts greatly in excess of the amount required for the immediate cash payment of adjusted certificates as of maturity. It was also brought out that disabled veterans were unable to compete with younger men free from any disability in the industrial field and that the money received from such payment would alleviate their suffering and aid in bringing better times to the entire population after many schemes have failed to bring such results. All senators and representatives will be notified of the position taken by the Jack Fisher chapter and asked to support a bill calling for payment as above.

William J. Murphy was the featured speaker and he commended the local D.A.V. officers on the gathering, and the enthusiasm displayed at this meeting. As past national commander, Murphy was called on to pin a past commander's badge on Louis A. Riehl, of Tustin, who succeeded the late Jack Fisher to the chair of this Orange county D.A.V. chapter. Murphy cited the work accomplished under Riehl's guidance and thanked him for the co-operation during the days of organization some four years ago. Riehl thanked the chapter for this pin of honor and pledged himself to help in any way as he had always done.

The glee club of the telephone company rendered a program of chorus numbers and several solos. The entertainment was concluded by all standing to sing the "Rose of Picardy." Earl S. Morrow, local manager for the Southern California Telephone company, was master of ceremonies. Refreshments were served by Philip Tele. Perry Cooper and Walter L. Blencoe of the Jack Fisher Chapter.

STUDENT LOAN BENEFIT FILM OPENS FRIDAY

Final chances for purchasing tickets to "The Great Meadow," the student loan fund benefit film sponsored by the high school-junior college P.T.A., will be offered tomorrow morning. The tickets sale is to close at noon and emphasis is laid on the fact that tickets purchased at the box office of the theater will not be credited to the P.T.A.

Contrary to previous announcements, "The Great Meadow" will be shown at the Fox West Coast theater, as printed on the exchange tickets. It will open tomorrow afternoon.

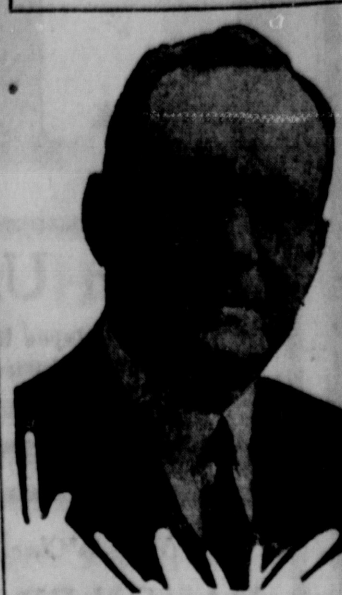

As the picture has not yet had its Los Angeles showing, the organization feels that in this early release of a highly recommended picture it is sponsoring an attractive entertainment as well as helping a worthy cause.

The student loan fund is the only organization of its kind in Santa Ana that makes long period loans to worthy students who could not otherwise continue their education. The money is loaned without interest until two years after graduation. After that time a small interest rate is charged when the student is able to pay back the principal.

Tickets for tomorrow night's performance may be obtained up to noon tomorrow at the First National bank, Farmers and Merchants bank, Vic Walker's Sporting Goods store, Robbins and Henderson fire insurance agency, Santa Ana Book store, Y. M. C. A., Mateer's Drug store and Givens and Cannon Drug store on West Fourth street.

COLLEGE HEAD

President R. T. Campbell, of Sterling college, Sterling, Kas., below, who will deliver a series of addresses in the United Presbyterian church, East Sixth and Bush streets, on the Apostles' Creed, beginning next Sunday and continuing through each evening next week.

EDUCATOR WILL LECTURE HERE

A series of addresses on the Apostles' Creed is to be delivered at the United Presbyterian church, East Sixth and Bush street, commencing next Sunday. It was announced today by the Rev. W. H. McPeak, pastor.

The speaker for the meetings, which will continue throughout next week, is R. T. Campbell, president of Sterling college, Sterling, Kas. He will come to Santa Ana from an engagement in Ohio. The meetings will be held at 7:30 p. m. daily except on Sunday, when the service will begin at 7 p. m.

Some of the subjects which President Campbell will discuss are: "The Fall," "The Virgin Birth," "Hell and Hades," "The Third Day" and "The Holy Spirit." Special music will be presented at the services.

Harvey to Discuss Laws on Property

A discussion of the community property law will be offered to members of the Santa Ana Realty board at its noon meeting tomorrow in the program under the direction of Charles Aubrey. This subject will be discussed by John A. Harvey, Santa Ana attorney. The membership drive of the continues throughout the month. Organization starts February 1 and special rates have been announced and an attempt is to be made to secure a quota of 50 property owner members.

Court Notes

The case of Vincente Cardona, charged with burglary, was continued in Justice Kenneth Morrison's court today until tomorrow morning at 9 o'clock. He is accused of having burglarized the grocery store operated by G. H. Coe at Seventeenth street and the Garden Grove road, several days ago.

The case of Miles M. Payne, charged with grand theft in connection with the sale of a lot near Redondo Beach, which has been on Justice Kenneth Morrison's calendar for the past two days, was continued on agreement of both sides until February 2, at 9 a. m.

A decree of annulment of the marriage of Emmett P. and Charlotte Mollot has been granted by Judge James L. Allen. The suit for annulment was instituted by Catherine Mollot, mother of the husband, whom the plaintiff asserted was under age. The marriage took place in Reno, Nev., July 31, 1930, and the couple separated September 15.

On a charge of cruel and inhuman treatment Edna Le Grande has been granted a decree of divorce from William G. Le Grande by Judge James L. Allen. The mother was also granted the custody of the child.

WAKE UP YOUR LIVER BILE - WITHOUT CALOMEL

And You'll Jump Out of Bed in the morning Rarin' to Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get those two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely. But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name "Carter's Little Liver Pills" on the label. Resist a substitute.—Adv.

GEORGIA STARK TO BE GUEST ARTIST

Georgia Stark, Los Angeles soloist, who recently won a prominent place in the music world for her opera work, is to be the guest artist at the next concert of the Cantando club, it was learned today from club officials. She also has appeared recently as soloist with the Ellis club, of Los Angeles, and has sung over radio station KFL.

The date of the next concert of the musical organization has been set for February 18. A well balanced program is nearing completion for this occasion, under the direction of Leon Eckles, club director, who expects the club to surpass any previous efforts of the organization which has a fine reputation for good work in the musical circles of the community.

New members have been added to the roster of the club and a larger chorus will appear for the February concert, when some 50 voices will participate.

The concert, which is the second of the season, will be held in the high school auditorium.

REAL TRAMP HOUND

CHERRYVALE, Kas.—In the canine world, "Bob" is known as a hobo. He's a real tramp dog and hides the rods of baggage trains. He wears a tag which identifies him as "Tramp, Southern Kansas Railways." He makes stops at Wellington, Independence, Chanute, Ottawa and other towns along the line. The dog begs his meals at cafes and meat markets.

Mary Louise To Explain Ways to Prepare Sausage

Mary Louise will be on the air again over KREG tomorrow from 10:45 to 11 a. m. She will give a talk on "Sausages for Three Meals," which will be sponsored by the J. W. Dill Meat markets, located at 801 East Fourth street, Santa Ana, and 405 D street, Tustin.

Included in her talk will be items about baked apples and sausages, sweet potatoes and sausages, savory sausage and similar appetizing recipes.

250 AT LEGION POST PARTY IN GARDEN GROVE

GARDEN GROVE, Jan. 29.—The sixth anniversary of the Garden Grove American Legion post was celebrated with an open meeting in the Legion hall Tuesday evening, with 250 persons in attendance.

Proceeding the meeting the Santa Ana Legion drum corps paraded through town and entertained with drills and music.

Mrs. Kate McCullah president of the Orange county school of Fine Arts, presented a Girls' Glee club in several selections. "Snowball" a Negro boy of Anaheim, entertained with several songs and dance numbers. The Boy Scout Harmonica band, under the direction of Mrs. Harvey Riegle, of Orange, gave a pleasing program.

The address of the evening was given by James K. Fisk, of San Francisco, department adjutant. His subject was "Objects of the Legion."

Short talks were given by the following guests of the evening: Walter H. Killam, of Burlingame, editor of the California Lecturer; Dr. Ralph S. Roberts, of Campo, 49th area commander; Frank Sheffall Jr., of Maywood, fourth area commander; B. P. Donnelly, of San Diego, grand chemist of the 40th S. H. L. Comas, of Redlands; Leslie S. Olson, of Los Angeles; Laurence E. Price, of Downey; Floyd E. Tumbelson, of Huntington Park; Charles Van Wyk, of Santa Ana; Gertrude Tracey, of Los Angeles, vice commander at large of the department; Ted Crais, of Brea; John Mitchell, supervisor; Dr. H. Zaiser.

"Smoky" Ballard, first vice commander, opened the meeting in the absence of L. A. Aubuchon, commander, who is ill. The program was in charge of "Pop" Dukes and "Jinky" Baldwin.

Dukes met the state officers in Los Angeles and had them as guests for dinner at the Garden Grove inn.

Montana Sheriff Guest of W. J. Hill

MIDWAY CITY, Jan. 29.—Walter J. Hill is entertaining as guest, friends from Montana, the party including Sheriff Gilbert and wife, of Livingston, and Mr. and Mrs. Kaiser. The party arrived the first of the week and on Tuesday went to Agua Caliente to the races, being transported in their hosts' new \$17,000 Zenith airplane.

ENDS MONTHS OF "INDIGESTION" IN SURPRISING WAY

There's good news for all stomach sufferers in the sensation being created by a simple discovery, due to the quick, easy way it relieves so-called "indigestion," and its effects, such as gas, bloating, belching, headaches, nausea, heartburn, etc.

"Pape's Diapepsin," as it is called, is eaten like candy—and is just as harmless. No narcotics or pain-killers in it. Nothing habit-forming. No sooner swallowed than pain stops; normal digestion is restored.

Thousands are so enthusiastic over the results they are securing that they simply have to tell their experiences to help others. Here's what attractive Miss Clara Sheeley, 2246 Tremont St., Denver, Colorado, says: "My mother, Mrs. Florence Sheeley, suffered from indigestion for nearly a year. Nothing agreed with her. She would have gas on her stomach, sour stomach, heartburn, and would bloat badly after every meal.

"She tried a lot of medicines but nothing helped until a friend told us about Pape's Diapepsin. It ended her trouble in a surprising way."

All druggists sell Pape's Diapepsin; or write "Pape's Diapepsin," Wheeling, W. Va., for a FREE sample box.

GARDEN GROVE, Jan. 29.—The operetta, "Pinafore," will be presented in March by the music department of the Garden Grove high school, under the direction of Miss Ottilie Macintosh.

Margaret Lehnhardt will portray the leading role as Josephine, Neva Fay Gerdes will take the part of Buttercup and Mildred Weaver will portray the role of Hebe.

Frank Garr will play the part of Ralph Rackstraw. Other male roles, Captain Corcoran, Sir Joseph Porter and Dick Deadeye, will be taken by Robert Phillips, Eugene Stevens and Wayne Eriol, respectively. Other members of the cast are Leslie Dozier and Leroy Allen.

MEN'S CLUB AIDS RED CROSS DRIVE

SAN CLEMENTE, Jan. 29.—The San Clemente men's club has voted \$25 to the Red Cross drought relief drive at the session this week. A member of the club contributed another dollar, bringing the fund to \$26. The secretary was instructed to turn the check over to Mrs. George Ferguson, head of the drive in this city, and it will be part of San Clemente's quota.

A. L. Schneberger was appointed chairman of the St. Patrick's dance committee and he named George Stearns as his assistant. The dance will be held on March 14 and will be a costume affair.

Welfare Work Is Assisted By Club

SEAL BEACH, Jan. 29.—At a meeting in the city hall, yesterday members of the Woman's club chose Mrs. Jessie Reed to represent them on the welfare committee which will be composed of representatives from each community organization. The welfare fund which has been created by members of the elementary school faculty, police department and other city employees and civic organizations, has previously been distributed among the needy families here by the Woman's club.

Announcement was made at the club meeting of a Valentine dance to be given by the Altaville society of St. Anne's church the evening of February 14 at 8 o'clock in the city auditorium.

Lecture Stated At San Clemente

SAN CLEMENTE, Jan. 29.—A. T. Jackson, district passenger agent of the Union Pacific system, will deliver an illustrated lecture at the Social club Tuesday evening under the sponsorship of the Men's club. Mrs. Jackson will assist her husband. The talk will be on places of national interest located in the great southwest.

The Men's club will hold open night meeting and a record crowd is expected to attend the lecture. Preceding the talk the chamber of commerce will hold its annual dinner in the club. After the lecture the Men's club will meet in regular session.

CRIME FACTS OUTLINED FOR 20-30 GROUP

FULLERTON, Jan. 29.—"Many of the difficulties which face law enforcement officers are due to lack of co-operation from the public," Sam Jernigan, former sheriff of Orange county told members of the Fullerton 20-30 club last night in McFarland's cafe.

Speaking on the subject of problems which exist in the sheriff's office, Jernigan declared that during his 25 years in public service, he tried always to enforce every law without discrimination.

Jernigan declared that many people do not realize that the sheriff must be extremely careful of not overstepping his ground. Often people who suspect someone of a crime inform the sheriff of their suspicions and then criticize him if he does not immediately arrest the suspect regardless of whether or not there is any evidence. Jernigan pointed out that no searches can be made of any property unless there is a search warrant.

"One of the most dangerous menaces to the government of our country today is the 'Red' element, which attempts to undermine the public officials by deceiving the citizens of communities with propaganda which is utterly false but which is often believed by the public," Jernigan said. "They have become so bold that the people who are interested in our government must rise up against them and run them out."

Plans for the women's night program for next Wednesday evening were told to members of the club by Al Blackford, who announced that a program is being arranged for entertainment. Card playing will be the principal diversion following the program.

Progress in the model aircraft building classes which are being conducted for boys interested in the work was told by Dr. George L. McClelland, who announced that the local group has joined with the Los Angeles model aircraft builders as a means of stimulating more interest and more competition for exhibitions. McClelland stated that a meeting will be held at 7 p.m. Friday, for all persons over 21 years of age who are interested in joining a senior aircraft builders' group.

NEW SERGEANT OF POLICE APPOINTED

ANAHEIM, Jan. 29.—Harri O. Warton, desk sergeant of the Anaheim police department for the past two and a half years, served his last day with the city yesterday. Sergeant James Pifer has been appointed to take Warton's place.

The resignation of Warton was due to action of the city council in putting an economy policy in effect. Chief James S. Bouldin deplored the loss of Warton, who, he says, has been a valuable asset to the police department.

Anaheim Permits Aggregate \$8100

ANAHEIM, Jan. 29.—Two building permits with a total value of \$8100 have been issued within the past two days. The Industrial Fuel and Supply company was issued a permit to erect a steel building to cost \$4500. The building will be used as a machine shop and garage and will be located in the 600 block on South Atchinson. The Fluor Construction corporation has the contract for building the building.

A stucco dwelling and garage are to be built at 925 North Emily by Charles S. Donaldson.

LOWER FIRE INSURANCE RATE FOR BREA SEEN BY CHAMBER; CITY'S WATER DECLARED PURE

BREA, Jan. 29.—Prospects of a materially lower fire insurance rate for the city of Brea are seen if the new water survey which the city will seek from the board of fire underwriters is granted. At yesterday's meeting of the chamber of commerce, President Harlan LeGro named W. A. Culp, fire Chief Emil Carlson and C. C. Kinsler a committee to draft such a measure, which will also receive the endorsement of the city council. Mr. Culp declared no such survey had been made in the past nine years and that additional water supply and more modern fire fighting equipment acquired by the city warrants the lower rate.

In reply to wires sent him by this body, a letter was read from James R. Dorsey, heading the California delegation now in Washington in an attempt to bring about a change in the matter of importation of petroleum and its by-products. Mr. Dorsey outlined some of the changes the committee hope to effect. A similar resolution drafted by the industrial committee of the chamber, headed by W. D. Shaffer, which had been sent to Senators Johnson and Shortridge and Congressman Swing, also was read.

Following the suggestion of L. A. Hogue that the Brea booster body cultivate its neighbors, the Yorba Linda chamber is soon to be invited to meet with Brea.

Dr. W. E. Jackson spoke for a few minutes on the water situation in Brea, declaring the water supply tests lower in germ content than that of many surrounding supplies.

President LeGro named W. D. Shaffer as chairman of the program for the meeting of February 4, while W. A. Culp will take charge of this feature for the meeting of February 11.

LEGION GROUP OF BEACH CITY AIDING NEEDY

NEWPORT BEACH, Jan. 29.—The Legion auxiliary met at Legion hut this week with Mrs. Billy St. Clair, chairman of hospitalization, in charge of the program. Material had been purchased and the members planned covers for wheel chair cushions, comforts and other useful articles for the use of disabled veterans in the soldiers' hospitals.

An all-day meeting will be called in the near future to complete this sewing. On account of unemployment among Legion men, the auxiliary has had extra work this winter to provide food and clothing and particularly milk, for little children in needy homes.

A card party was held Saturday night at the hut in order to provide funds for this work. Mrs. Glen Wells and Mrs. Enid Jones were hostesses. The hut was beautifully decorated with rose-colored gladioluses and the entire decorative scheme carried the rose coloring, favors, tally cards, and refreshments.

Bridge was played. Mrs. Nelson Stafford won women's first prize, Mrs. George Bremer, second, and Mrs. Ross Hostettler the consolation. Lew Wallace won the first for men, Ross Hostettler, the second, and Louis Briggs the consolation.

A door prize, a large angel food cake, made by Mrs. G. Wells, was given to Mrs. Lew Wallace.

POLICE SEARCH FOR ANAHEIM STORE BANDIT

ANAHEIM, Jan. 29.—Police of Southern California today are searching for a lone bandit who yesterday held up and robbed the Smart and Final branch store on North Clementine street, obtaining approximately \$50 in cash.

The bandit walked into the store as W. P. Dunlap, manager, was preparing his bank deposits. Dunlap thought the man was a salesman as he was well dressed and carried a brown leather brief case in his hand. The man spoke to Dunlap and without warning stuck a gun against him, telling him to "put 'em up."

The bandit forced Dunlap into the back room, making him take the cash drawer with him. Dunlap was then forced to lie on the floor while the robber bound his hands and feet.

The bandit then went into the front part of the store looking for more money and overlooked \$70. He went back to the rear room and cursed Dunlap, accusing him of having more money. The robber then shoved Dunlap into a small room and left.

A merchant next door heard the noise made by Dunlap in his efforts to free himself and came in and released him.

The bandit wore a reddish brown suit, a felt hat and a light overcoat. He was about five feet, eight inches tall and weighed approximately 145 pounds, according to a description given to the police by Dunlap. The man had a mole on the lid of his right eye.

AUTOMATIC... but appetizing as Grandmother's Old-Fashioned Cooking

WE SIGH SOMETIMES (at least men-folk do) for the delights of old-fashioned cooking. We do not recall (at least men-folk don't) all the ordeals that old-fashioned cooking entailed... for the cook.

But now we can please him and also humor ourselves, (speaking of the womenfolk now) for the most modern method of cooking, which is automatic and electric, produces results as ravishing as those secured in Grandmother's old-fashioned kitchen... and even he wouldn't want to go back farther than that.

Ask your electric dealer about it. Ask to see the smart new models in

modern automatic electric ranges. Ask about the very convenient purchase plan, which includes a liberal allowance for your present range. As a modern woman whose men-folk are likely to go cave-man at meal-time you owe it to yourself... and to them.

INFLUENCE OF MUSIC AND ART IN HOME TOLD

ORANGE, Jan. 29.—That during the first year of its life, a child may be influenced so as to determine its future, was the statement made by Holly Lash Visel in a talk on art and music made before the members of the Maple street P.-T. A. yesterday, when about 40 mothers were present.

Mrs. Visel traced the importance of early environment and background for the child and stressed the necessity of good reading in developing the imagination, and a development of art appreciation. Conversation in the home should include a discussion of the arts in which the child may participate, the speaker said she believed.

Tap dancing and jazz were likened to the performance of the strong man in the circus by Mrs. Visel, and these activities, she declared, emphasized the physical and did not constitute an expression of the inner self.

Mrs. Visel said that she believed that children should not be taken to motion pictures unless the pictures were selected as suitable for them.

How men are often considered "sissies" if they confess to a love for music was related by the speaker, who gave the names of many men of masculine characters who love both music and art, among them mentioning Charles M. Schwab, the late Dr. Frank Crane and Dr. Charles Elliott.

Mrs. L. L. Trickey, district magazine chairman of Garden Grove, was present. Mrs. C. E. Short presided.

Pupils of the Visel studio, who presented a program were Doris Berger, of Anaheim, who gave piano solos; Audrey Grannas, of Santa Ana, who gave violin solos accompanied by her sister, Beatrice Grannas; Betty Jane Wood, of Anaheim, the president, piano solos, and Wesley C. Marquart, of Orange, boy soprano, who gave vocal solos, accompanied by Mrs. Charles Nalle.

ORANGE PERSONALS

ORANGE, Jan. 28.—Mrs. Carrie Cahill, real estate broker of Banning, was an Orange visitor yesterday. Mrs. Cahill says that business conditions in Banning and vicinity are showing an upward trend and that there are more visitors at the present time at Palm Springs than at any previous period this winter.

Mrs. O. E. Gunther was hostess yesterday to members of an informal card club at the Gunther home, 361 South Glassell street. Sweet peas were used in the decorations and light refreshments were served late in the afternoon.

Mr. and Mrs. Bruce Richards, of 144 South Olive street, accompanied by Mrs. Gena Morgan, and Mrs. G. A. Gates, made a business trip to Long Beach Monday, stopping at Westminster to call on Mr. and Mrs. Dwight McDowell.

Mr. and Mrs. D. F. Campbell, of South Cambridge street, are rejoicing over the arrival of another grand child, a daughter, born to Mr. and Mrs. James Hayes at Merced, Calif. This little one is the 14th grand child of Mr. and Mrs. Campbell, who have lived on the ranch south of town for the past 40 years.

Mr. and Mrs. O. U. Hull and Mr. and Mrs. H. M. Elliott were among the former Kansas residents of this community who attended the picnic to be given by Kansas people in Long Beach today.

Young people of the college department of the First Presbyterian church are to share a box supper in the church social hall tomorrow evening. Miss Helen Lusk is in charge of the event.

No More Piles

How to End Terrible Agony Without Salves or Cutting

External treatments cannot permanently remove the cause. The cause is internal—bad circulation of the blood in the lower bowel. The veins are flabby—the bowel walls weak—the parts almost dead. To quickly and safely rid yourself of piles an internal medicine must be used to heal and strengthen the affected parts.

Dr. J. S. Leonhardt, a specialist, after years of study discovered a real internal Pile remedy. He named his prescription HEM-ROID, and prescribed it for 1000 patients, with the marvelous record of success in 800 cases, and then decided every Pile sufferer should be able to get HEM-ROID from their own drug list. Don't waste time on external remedies or think of the pain and expense of an operation until you have tried HEM-ROID. McCoy's Drug Store will supply you and guarantee money back if it does not end all Pile misery.—Adv.

Past Presidents Of Woman's Club Planning Program

ORANGE, Jan. 29.—Past presidents of the Orange Woman's club will be in charge of the club birthday program Monday, when a 1 o'clock luncheon will be served at the clubhouse. Miss Sue L. Scarritt and Mrs. C. A. Watson are to be the hostesses.

The event is one of the most important social affairs of the club year and the program is being planned as a surprise.

ORANGE CLUB TOLD OF NATIONAL PARKS

ORANGE, Jan. 29.—Forest Talmadge was the program chairman at the meeting of the Lions club yesterday, when A. T. Jackson, of Los Angeles, district passenger agent for the Union Pacific railroad, gave an illustrated travel talk. Colored views of National parks in Southern Utah and the Yellowstone National park were shown in connection with the lecture.

The speaker gave interesting historical facts during the course of his lecture and among other things stated that Zion national park was named by Brigham Young, who used this name in describing it when he first saw its beauties.

Visitors of the club were Hollis Hardy, traffic manager of the Great Western Corderage company, E. M. ("Sunny") Sundquist of Santa Ana, president of the county Lions council, and Vic Walker of Santa Ana. Hardy was a guest of Ivan Swanger. Dr. J. E. Riley presided at the meeting.

\$30 CLEARED AT CARD PARTY FOR RED CROSS FUND

ORANGE, Jan. 29.—Thirty tables were in play and about \$30 was cleared for the Red Cross fund here last night, when members of the third economics section of the Woman's club gave a card party at the clubhouse.

Flowers were used in profusion in the decorations and were the gifts of two local nurseries, the Melers and the Wetherbee establishments.

Mrs. H. O. Russell was chairman of the committee in charge of the party and attractive prizes were awarded at the close of the game. Miss Bertha Robinson made high score at bridge and William Barnes high score at "500."

USE RIVER WATER FOR FRUIT GROVES

ORANGE, Jan. 29.—The water running in the S. A. V. I. ditch is still being taken from the Santa Ana river. No water has been pumped from the company well since the rainy season opened, according to O. E. Mansur, secretary and manager of the concern.

While this season's rainfall is still 1.50 inches below that of last year, there is still ample time for an adequate amount of water to fall. Mansur says, as in the worst year which he can remember, 1884, the heaviest rains of the season fell after the last of January.

SANTA ANA BOWLERS
BEGIN SECOND HALF

Santa Ana's two big time bowling teams begin the second half of their 30-week season in the Southern California league tonight.

Sunset Gasoline draws the home assignment, meeting A. H. Ruda company of Compton, one of the topnotchers. The Hancock Gasoline club of Santa Ana travels to Whittier to bowl the Minot-Day Printers.

The Sunset trundlers have been in the first division all season. The Hancock quintet, away slowly, has won 11 of its last 12 points and is now in a contending position too. Sixteen clubs from all over Southern California are in the league.

DEFEAT VALENCIAS

Valencia university dropped a hard fought game to the Whittier college reserves, 47-30, at the Santa

Ana Y.M.C.A. last night, the local collegians setting a 17-16 pace in the first half but falling slowly behind in the last two quarters. Hurd and Bixby were high point men for their teams.

false by L. A. Aubuchon, the Peppers' head man. Aubuchon says Garden Grove will have a team in the race as usual.

Anaheim has signed a number of new ball players, Al Kohler of Long Beach among them, "he said. The Valencia are bemoaning the fact that Orville Schuchardt is going to turn professional and play with the El Paso Arizona State league club. Anaheim was counting on the fleet flyhawk to make its ball team.

Veterans Phil and Lou Schrott may not pasture with Anaheim this semester. Reports are current in the colony that Phil, the third baseman, will join the Santa Ana Stars. Officials here say they haven't heard anything about it, but the Schrotts are good ball players and if Anaheim doesn't want 'em they won't remain idle.

Ben Danker has signed to stick at the same old job at Olive. This silence reports that Bill Knott, erstwhile Anaheim, would manage the Packers. It is a safe bet, too, that Olive's great pitcher, Rudy Heman, will stick, too. Anaheim has cast covetous eyes at the big fellow.

La Habra may give up its franchise in the National Night league. Signal Hill is said to be after it, with the Shell Oil company anxious to step in and sponsor the club. Lynwood also would like to break into major night ball. Some say Lynwood may replace Orange, which was sick of the sport last season.

Joe James and W. B. Wentz, both ex-umpires, will manage teams this summer. James will operate at Huntington Beach, Wentz at Garden Grove.

The "Little Saints" simply set a pace so fast that the Tustin Midgists could not follow. In the first quarter, Flotson, Santa Ana forward, dropped the leather through the coveted mesh three consecutive times. In the second half it was "Horsey" Owens' turn to show aggressiveness and he accounted for nine points.

MARTIN THIRD
IN FIRST U. S.
TRACK EFFORT

NEW YORK, Jan. 29.—(INS)—Foreign invaders in American sports got off to a bad start today in their 1931 campaigns. Dr. Paul Martin, the surgical Swiss, was somewhat at fault in diagnosis of the situation in the 1000-yard event headlining the Newark Athletic club's annual spin on the boards last night and fell a victim to the better legs and judgment of Ray Conger, the Iowa schoolmaster of Chicago.

Dr. Martin elected to trail along, but when the time came for putting on the juice it was apparent that his batteries were dry and hot.

The European, now 29, showed last night he was feeling his age in his legs if not in his heart and the famed Swiss movement appeared fairly due for a dusting off by the old watch mender.

As a matter of fact, Dr. Martin heaved in a poor third and Frank Cordell, former Philadelphia schoolboy, now of New York university, who finished second, gave Conger the only competition. The Iowan's time was 2 minutes, 17.9-10 seconds.

Conger showed splendid form and ran a beautifully paced race, letting loose with his famed sprint in the last lap to overhaul Cordell.

of Long Beach and Pasadena—but the Hilltoppers made the best showing of the two, losing by just a few points each time. This would tend to make San Diego the favorite but for injuries that have hit the squad this week during practice. Players on the injured list are Warren, guard, and Miller, forward.

Campbell will undoubtedly start at one guard, while McConnell will work at center. The starting forwards will be chosen from De Pablo, Miller, Bostrom and Covington. Others who will make the trip are Wilson, Maheras, Holt and Brunner.

Three players, Wilson, Bostrom and Covington, will be playing their last game for San Diego. All will be graduated Friday.

Other Coast league games will be as follows: Pasadena at Glendale, Fullerton at Compton, Alhambra at Woodrow Wilson, Long Beach Poly, bye.

With both teams fighting madly for the ball, O'Grain of Whittier suddenly tried an overhead one-armed shot from the sidelines which nestled snugly in the mesh and won the ball game. A tantalizing succession of setups bounced out of the bucket for the Dons in the closing seconds. In their three conference games this season, the Redmen have lost to Long Beach, Compton and Pasadena, all in the last minutes of play. The lineup:

Zach Wheat as the new manager of the team. Not wishing to hear any injustice upon the noble dome of Zach Wheat, this column would laugh pleasantly if Uncle Robbie would win a pennant this year for Brooklyn. But it probably wouldn't do Uncle Robbie any good so far as his enemies in Flatbush are concerned if he won three world series in a row. People can be very hard to reconcile, now and then. "Pants" Rowland won a world championship for the White Sox in 1917 and was promptly awarded the old revolving door, Rogers Horns-

What Is Gum-Dipping?

Gum-Dipping

is the Firestone trade name for that patented, basic process which makes Firestone Tires fundamentally different from all other tires. It is one of the reasons why Firestone, through many years, has easily been able to make good the statement: "Most miles per dollar." It is not something done to a tire after it is made. It is something very vital done before the tire is made.

To grasp

the full significance of Gum-Dipping, it is necessary to know something about how a tire is made and what goes on within a tire on the road. The body of the tire bears the principal strains in service. To it is attached the tread which provides traction and takes the wear of the road.

The usual tire

body is built up of layers or plies of cotton cords between which rubber has been forced. Rubber is incompressible. Hence the tire body practically does not expand or contract to meet road shocks. It flexes—that is, it changes form.

The strain of the flexing

tends to pull the plies apart and also to pull the cords themselves apart. A tire flexes about seven hundred times in a mile—which gives some idea of the strains and the friction which a tire must endure.

The great enemy

to tire life is internal friction. Years ago the fabric was square-woven—and the cotton cords sawed, one across another.

If cotton rubs

against cotton, the tire soon heats up and collapses. That is why the square-woven fabric tires were so short-lived. Then came the tires with parallel cords that could not saw each other. The best square-woven fabric tire would go scarcely four thousand miles. A poor cord tire will give

at least twice that mileage. Making the cords parallel was a great advance—but it was only part of the battle against internal friction.

It was realized

that if the fibers of cotton in a cord could be insulated one from another, then a step-up in tire life could be had comparable to that made by shifting from square-woven fabric to parallel cords. That is what all tire makers have been striving for. That is what Firestone has achieved.

Every cord

used in Firestone Tires has been treated with a rubber solution which penetrates every cord and coats every fiber; and thus not only the cords, but also the very fibers within them are insulated.

Eight pounds

of fine, pure rubber are, by the patented Gum-Dipping process, integrated into every one hundred pounds of cotton cords. This means three extra pounds of pure rubber added to an average set of tires—and added where it means most to the strength and the life of the tire. This extra rubber all goes into the cords of the tire—where you never see it.

Why

does Firestone put in this extra value? And what does it mean to you? It means just this. The performance—the extra value—has been shown for years on the road and in the laboratory. It has been proved that Gum-Dipping:

—increases the flexing life of a cotton cord by 58%.

—increases tire life by from 25% to over 40%, according to the severity of the service—the more severe the service, the higher the percentage.

Firestone

Gum-Dipped Tires are not just tires. They are thirty years of organized experience. They are sold only through Firestone Service Dealers and Service Stores and only as Firestone Gum-Dipped Tires—bearing the Firestone name and bearing the Firestone emblem that appears on this page.

Wherever you live—

city or country—a fresh and complete stock of Firestone products is near-by.

CHILDREN'S HOUR PROGRAM OVER KREG WILL PROVIDE VARIETY OF ENTERTAINMENT

More than a dozen young radio artists will provide the children's hour program over KREG from 5:30 to 6 p. m. tomorrow, with Lorene Croddy as director. Readings, solos, duets and piano selections will provide a wide variety of entertainment which every radio listener will enjoy.

The "Melody Boys" will provide a large part of the program, while Jeanette Klatt and Helen Marshall will sing a duet and each will play a piano solo. Bernard Fields will be accompanist and also will play a piano solo.

The "Melody Boys" will provide the following program: Reading, Bobby Alexander, 11 years of age; songs and dance, Junior Kavanaugh, 7; reading, Homer Hanford, 8; songs, Louis Riehl, 9; readings, Bob Pankey; song and reading, Hugh Plumb, 11; reading, Junior Sudbrook, 7; songs, Harold Matthews, 12; song, Tommy Croddy, 11; song, by Paul Francis, 11.

In addition to the individual numbers, the boys also sing group selections. So many requests have been received for the children's hour programs that it has been urged that those who wish special numbers phone their choices to KREG as early as possible, preferably several days ahead. Only in this way will it be possible to take care of them.

Each Saturday at 10 a. m. Miss Croddy conducts an audition in the KREG studio for junior entertainers and all children who wish to make way for the early broadcasts, and so it is urged that all who plan to try out be on hand promptly at 8 a. m.

Ted Doner To Star In Radio Frolic

And there's going to be another KREG-Fox West Coast theater frolic Saturday night, Norman Sprout, Fox theater manager here, was busy today lining up the stellar entertainment which will be broadcast from 10:30 p. m. to midnight.

Ted Doner, known not only as a western star of the first rank in vaudeville, but also as a favorite of the spotlight and the public in the New York Music Box Review and Greenwich Village Follies, will be one of the featured artists in the frolic.

If you tuned in on this feature last Saturday, and there are few who didn't, you will be sure to connect again, with next Saturday's offering. For this frolic, on its first broadcast, established itself as one of those programs no one wants to miss.

SECOND DIVORCE COMPLAINT FILED

Divorce proceedings were started for the second time yesterday against William H. Gallene, Huntington Beach service station operator, by his wife, Frances Gallene.

The first suit was instituted several months ago when the wife discovered certain letters between her husband and another woman, the complaint asserts, but was dropped later.

The plaintiff bases her action on charges of cruel and inhuman treatment, alleging that her husband on several occasions has struck and cursed her and has threatened to kill her. She asks custody of their two children and a restraining order to prevent her husband from molesting her and requiring him to leave the house where they are now living.

LA HABRA

LA HABRA, Jan. 29.—A silver tea will be given Thursday afternoon at 2 o'clock by members of the Woman's Relief corps at the home of Mrs. C. E. Trent on North Lois street. The afternoon will be spent quilting and sewing carpet bags.

When Rosalie Phillips returned home from school Monday afternoon, she found a group of little friends had gathered at her home to help her celebrate her ninth birthday with a party.

Pictures were taken and games were played after which the guests assembled about the table where birthday cake baked by the honoree was the center of attraction. Ice cream was served at the refreshment hour.

The birthday guests were Helen Burrip, Nellie, Junior, and Loraine Launders, Colleen and Beverly Pridle, Emma, Francis and Paul Urchel, Jack Loney, Harriett Hacker, Lovita, Mildred and J. C. Whitaker, Jimmy Walker, Jimmy and Kitty Kuhn, Billy Goodchild, Ione, Marjorie and Glen Brown and Marie Beaudreau.

SANTA ANA GARDENS Jan. 29.—Mrs. Frank Carrell and son, Frank, visited in the home of Mrs. C. Dunn in Costa Mesa Monday.

Mr. and Mrs. O. A. Weatherman and children of Anaheim; Mr. and Mrs. H. Hermans and baby, and Mr. and Mrs. Clark Hermans of Orange, were recent visitors in the Claude Dunkin home.

Mrs. A. B. Culver was the honoree of a party held in her home Saturday evening in observance of her birthday. Those present were Mr. and Mrs. Claude Grant, of Long Beach; Mr. and Mrs. Warren and Mr. and Mrs. G. Z. Logsdon, of Costa Mesa; Mr. and Mrs. L. Watson, Mr. and Mrs. A. Rush, Mr. and Mrs. H. Grant and Mr. and Mrs. R. Hull, Mr. and Mrs. Vander Walker.

Growing Deaf With Head Noises? Try This.

If you are growing hard of hearing, and fear catarrhal deafness, or if you have roaring, rumbling, hissing noises in your ears, go to McCoy Drug Store or your druggist and get 2 oz. of Parham's (double strength) and add to it 1/4 pint of hot water and a little sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy, and the mucous stop dropping into the throat. It is easy to take. Anyone who is threatened with catarrhal deafness or who has head noises should give this prescription a trial.—(Adv.)

BEWARE OF COLDS NOW!

If Neglected They May Pave The Way For Flu Attack

TREAT COLDS PROMPTLY BUT AVOID "DOSING"

Now that flu is in the air again health authorities advise everyone to take these common-sense precautions: Eat wisely; get plenty of sleep and fresh air; avoid undue exposure; and above all treat every cold promptly. Unless checked quickly, colds tend to pull down the body resistance and may pave the way for an attack of flu with all its serious complications.

Attack Colds at the Start

At the first sign of sniffing, sneezing or other signs that you are "catching cold," start treatment at once with Vicks VapoRub. Place some Vicks up each nostril and sniff well back. Do this several times a day. It will often prevent a little cold from developing into a big one.

If the head is clogged with mucus or phlegm, or there is much coughing, melt a teaspoonful of Vicks in a bowl or kettle of hot water and inhale the steaming vapors for five minutes at a time. This auxiliary vapor-steam treatment with Vicks

has a remarkable effect in clearing the air-passages, easing the breathing and helps keep the cold from spreading.

Double Action Effective

At bedtime, in order to get the benefit of its long-continued stimulation and inhalation effect, rub Vicks vigorously over the throat and chest and cover with warm flannel. Vicks attacks colds in two direct ways: (1) through the skin like a poultice or plaster, drawing out the tightness and soreness; and (2) at the same time, its medicated vapors, released by the warmth of the body, are inhaled direct to the irritated air-passages.

Protect Children, Especially

Children should be put to bed at the first sign of a cold, and Vicks rubbed on throat and chest. Its use brings prompt relief, and avoids constant "dosing" which often upsets the digestion. When used at bedtime, Vicks often prevents sleep-disturbing night coughs, thus permitting needed rest for both mother and child.

Don't take chances with colds NOW!

Agents Compete For Heavy 'Wine' Juice Sales Here

BUSINESS REPORTED TO BE EXPANDING AND RESIDENTS OF CITY MAKE COMPLAINTS

A general solicitation of patrons for grape and other fruit juices which are to be turned into alcoholic beverages is being made daily in Santa Ana and the business of selling these juices apparently has become so large that salesmen for vineyard companies are competing against each other for the business.

Business cards of these representatives have been turned over to the Register by residents of the city who are complaining and the Register actually has received cards through the mail advertising various kinds of grape juice and soliciting such business.

The business of selling fruit juices for the making of wine has been going on here for years, but more recently it seems to have expanded in leaps and bounds until it has drawn the attention of a number of citizens who have complained.

Downtown offices are solicited, homes are called at and persons are being stopped on the street by salesmen who want their customers to have "the best wine obtainable."

Whether or not the sale in Santa Ana of grape juice by representatives of vineyard companies, such as the Santa Rosa Vineyards company, the California Vineyards company, and several other companies who deal in the sale of grape juices, is a violation of the national prohibition act, it is a fact that salesmen for these companies are at least violating a Santa Ana city ordinance when they take orders for a keg of this or that kind of grape juice which undoubtedly is made into wine in Santa Ana homes.

The city ordinance is being violated in that it calls for a "day by day" license to peddle in the city where the company does not maintain a business office and according to E. L. Vegely, city clerk, these salesmen are subject to arrest and fine if they are caught selling grape juice without a license.

The records of the city clerk's office do not show that the Santa Rosa or the California Vineyards companies have taken out licenses to do business here of that nature, or are there any other companies selling grape juice in Santa Ana licensed to do so, with the exception of the Harbor Grape Juice company, which maintains a store at 616 East Fourth street. The addresses of the other two named concerns are in Los Angeles.

JR. LAWS TO HOLD CLASSES EACH TUESDAY

During the remainder of the school year Dr. Gertrude Laws will be able to conduct Santa Ana classes only one day per week, it was announced today by Mrs. Golden Weston, adult education director. This has necessitated a rearrangement of her program.

"The evening class which has been so thoroughly enjoyed by a large group of both men and women has been discontinued," Mrs. Weston said. "The morning group of women will continue to meet in the social hall of the First Methodist church on the corner of Sixth and French streets, but will meet on Tuesdays instead of Wednesdays. The responses and expressions of appreciation from the many who have attended these classes emphasize their great value."

"The fundamental bases of human reactions have been set forth. The importance of developing healthy social attitudes and of avoiding the formation of attitudes which make for individual unhappiness and failure and for social unrest has been stressed. The early years of life have been explained. Mental health has been defined and much has been done to help one acquire and retain mental health."

"The value of an honest inventory of self as a means of better understanding one's problems has been urged. All these and many other truths concerning human relations have helped the hundreds who have participated in these study groups to get a new and better viewpoint and to take a firmer and more joyous grip upon life."

"In order to extend this opportunity of Dr. Laws' expert guidance and in order to get an integrated parental education program underway throughout our entire school system, Dr. Laws will hold a five week term in each of three elementary school P. T. A.'s. The first of these will be held next Tuesday in the Lowell school from 2 to 3 p. m. February 10 will be omitted because Dr. Laws cannot be in the city. The five weeks at Lowell will include February 3, 17, 24, March 3, 10. This will be followed by five weeks in the Roosevelt school and five weeks in the Wilson school."

"These short courses will be introductory to the possibilities of further study. Anyone who is interested is most welcome to attend any of these groups whether living in that school district or not."

Dr. Laws also will repeat her course on human behavior, in the junior college, which Dean McKee Flisk feels has been of inestimable value in helping young people to understand the basic principles of successful and happy living with other people both in and out of the home."

Miss Flora M. Thurston, the executive secretary of the national council of parental education, was in Santa Ana Tuesday to make a survey of the parental and pre-

DIRECTORS OF TUSTIN FARM CENTER MEET

Directors of the Tustin Farm center met last night in the city hall in Tustin for their regular monthly meeting.

During the business session it was voted to participate in the citrus, walnut and avocado projects sponsored by the Orange County Farm bureau. The directors also decided to take an active part in 4-H club work.

Felton Browning was appointed a committee of one to engage a speaker to present legislative problems of the district at the next meeting of the center, which will be a general membership meeting to be held on February 13. Brown-

ing was also asked to secure a speaker to present both sides of the question of the proposed ordinance that is proposed by the county planning commission.

Charles Logan was appointed to make arrangements for a dinner to be served at the meeting.

John W. Crill, president of the Orange County Farm bureau, was a guest at the meeting.

Col. Finley To Talk On Friday About Aqueduct

Col. S. H. Finley, prominent Orange county banker and director for Santa Ana in the Metropolitan Water district of Southern California, will speak over KNX at 7:30 p. m. Friday on the great Metropolitan aqueduct from the Colorado river.

Col. Finley, for years a leader in many of this region's largest water development programs, will speak on the significance of the action of the citizens of Fullerton who recently voted by the ratio of 14 to 1 to join the Metropolitan Water district. He is to be introduced by the radio audience by Chairman William P. Whitsett, of the board of directors of the district. Whitsett also will speak briefly during the 15 minute period devoted each Friday evening to the Metropolitan Water district, and the gigantic Metropolitan aqueduct project now attracting world-wide attention.

NEWLY SELECTED EXECUTIVE BOARD AT JAYCEE WILL BE INSTALLED ON KING'S DAY

Completing the selection of the new student executive board at the Santa Ana Junior college, the names of the six appointed commissioners were released today by John "Sky" Dunlap, new elected student president at the college.

The new officials were picked by Dunlap with the assistance of the other three elective office-holders, Tom Clark, vice-president, Miss Ada Marie Hendricksen, secretary and Bruce Harding, treasurer. The complete new roster of officers will be installed officially on February 5, on King's Day, which will be featured by a special assembly.

The new commissioners are Richard Robbins, editor and commissioner of "El Don," student newspaper; Wayne Flinn, reappointed commissioner of forensics; Miss Helen Hendricks, commissioner of women's athletics; George Blewitt, commissioner of men's athletics; George Griffith, commissioner of social activities and Miss Betty Maloney, present editor and commissioner of "Del Ano," college yearbook.

Elaborate plans for King's Day are being worked out by Abbott Mason, retiring president, and Dunlap, the new presy. A special stage setting will be provided, appropriate costumes will be worn by the principals in the ceremonies and an entertaining program will be given by various students who will be sentenced by the king in a court.

A special meeting of both the new and old executive boards will be held Monday at 5 p. m. At this time, the outgoing officers will review the work done during the past semester and the new officials will outline what they hope to accomplish. The historic college gavel, with the names of 20 former presidents engraved on it, then will be turned over to Dunlap by Mason.

The outgoing executive board is composed of Abbott Mason, president; Warren Schütz, vice-president; Miss Ada Marie Hendricksen, secretary; Tom Clark, treasurer; Oran Asa, editor of "El Don," Miss

WHAT'S IN A NAME...

The name, "Pacific States Savings," to the 80 thousand savings customers served by this institution, means, above all else, well proved safety.

Thousands of these savings customers have had funds here for many years. Not a few of them represent the second and third generations served by this institution. All have learned the value of Pacific States Savings' unswerving and farsighted conservatism—and of a financial strength that has proved adequate for all contingencies.

They know that it has been our long established practice to help customers meet their emergencies by payment of their funds in full without notice.

If you seek a method of investing your funds that will combine long demonstrated soundness with adequate interest, we suggest that you, too, learn what the name Pacific States Savings stands for.

This you can do by studying our 41 year record, and especially by a critical reading of our current Statement, which shows a rigid maintenance of our voluntary cash reserves and other basic protective provisions. If the strength and conservatism therein demonstrated meet your approval, you are invited to join the 3,400 new savings customers who have, since January 1st, placed funds here to earn 6% or 5 1/4%.

Woman's Forum Elects Officers at Noon Meeting

At the election of officers held Tuesday afternoon when members of the Woman's Forum met in the Y. M. C. A., Mrs. Major Anderson was chosen president. Others elected were Mrs. Harry C. Gardner, vice president and chairman of the program committee; Mrs. Martin P. Carlson, secretary and Mrs. Carl J. Sutton, treasurer.

The meeting was preceded by luncheon at 12 o'clock. Tables were decked with varicolored flowers, the gift of Mrs. J. J. Allen of Garden Grove. Dr. Hester Olesworth led the table discussion on "What I Have Gained From the Last Six Months of Forum Membership." Members generally agreed that the exchange of ideas, the forming of friendships, and the reception of constructive criticism were of paramount importance.

Special guests were the Rev. and Mrs. George A. Warner. The Rev. Mr. Warner was speaker of the day, discussing "Women and Public Speaking." In developing his subject he stressed the fact that many business women are filling men's positions. In connection with his talk he took the opportunity to tell of the necessity of playgrounds in this city.

Dr. Warner stated that the three important points to remember in speech making are to say something, to have something to say and to have something to say that you must say. There were about 25 members present.

ANN MEREDITH'S MIXING BOWL

Checking Your Calories

I am going to do a little advertising—ballyhooing, to be exact—for my Calory List. Just think how utterly useless display advertising would be unless the store tucked in THE PRICE somewhere? You'd shy away from such concerns, for you like to buy where the price is displayed in plain figures, so that you won't spend more than you can afford.

How sensible are you in selecting the food you eat, buying it with a knowledge that it contains calories that will supply heat to keep your body warm, pep to make you work easily, and vitality and health to keep you alive and going? Just look over your neighbor's shoulder and see what he has ordered for lunch: A cheese sandwich, 300 calories. . . . mince pie 350 calories. . . . a pot of coffee with extra cream and sugar, 300 calories.

Now, all that food looked good to eat, and is, but it had too much sugar, too much fat and utterly lacked the vital mineral elements active people need. The cheese sandwich was all right but it should have been offset by a salad or some sort of leafy cooked vegetable, and a baked apple would have been a far more sensible dessert—the coffee we'll let him have to keep him happy.

Calory is the term applied to the process food undergoes when digestion takes place, producing so much heat and energy to run the body engine. Buy the food you eat with an eye to its CALORY VALUES. Keep your food intake within a calory limit for the day and so control your weight. Send me a stamped, self-addressed envelope and an extra 2-cent stamp and I will send you a splendid calory list, so plain that even a child can use it.

TODAY'S RECIPE

Currant Jelly Bavarian Cream
1 large glass currant jelly
1 cup boiling water
Juice of 1/2 lemon
1/2 cup powdered sugar
1 envelope of gelatine
1 egg white beaten stiff
1 cup heavy cream whipped stiff.
Any tart jelly can be used if you are out of currant jelly. By a large glass, I mean an eight-ounce glass, or a full cup.
Soften the envelope of gelatine in 1/4 cup of cold water. Mix the jelly with the cup of water and bring to the boil, add the softened gelatine and stir until dissolved, remove from the fire, add the lemon juice and cool quickly. As soon as it shows signs of jellifying, whip it well with the egg white, beaten stiff and mixed with the powdered sugar. Again, let it jellify and when fairly thick whip the beaten cream through it and put it to chill for several hours in a mould.
To serve: Turn out of the mould and slice. Serve with custard

sauce well chilled, or with plain whipped cream and crushed nuts.

The calories total almost 2600 in this pudding serving eight. They are the energy makers, and priced by the calory yardstick, they would sell like cloth of gold where cabbage would sell like cheese cloth. Our purses do not often let us go wild on yards 'n yards of cloth of gold, but our appetites know no such bar, although they should.

Foods rich in fats and sugars should be used only in small amounts and seldom by those with a tendency to overweight.

Send a stamped, self-addressed envelope for the story of THE PERFECT "SMALL" DINNER PARTY. It will entertain you and you will quite likely find something valuable in it.

For tomorrow's lesson we will have Stuffed Cabbage with Cream Cheese Sauce.

ANN MEREDITH.

D. of U. V.

It was at a prettily appointed luncheon at Ketter's cafe, Tuesday, that members of Sarah A. Rounds tent, Daughters of Union Veterans entertained their department president, Mrs. Irma Chaplain of San Francisco. With her were two guests, Mrs. Frankie Pence, department chief of staff and Mrs. Mary Baillie, both of the Spencer tent No. 29, Los Angeles. Tables were decorated with sweet peas and ferns.

The regular meeting followed at 2 o'clock in the Knights of Pythias hall. Comrades Smith and Holbrook and C. F. Miller were guests at this time. New officers assumed their duties at this meeting, with Mrs. Lena Hewitt in charge as president. Especially worthwhile was the address given by Mrs. Chaplain, who complimented members of the tent on their activities. Mrs. Pence and Mrs. Baillie also added short talks to the afternoon's program.

It was reported that 54 calls were made and that eight bouquets were taken to the sick and shut-ins. One comrade was presented with a birthday bouquet. The patriotic instructor stated that over \$45 had been expended and that ten patriotic calls were made.

Friday afternoon, members of the tent will present the graduates of the two junior high schools with an American creed and a flag. The tent has received notice of the meeting of the Past President's club of Southern California which will be an all-day affair of Friday at Glendale. A covered dish luncheon will be served.

All Daughters and Sons are requested to attend the next meeting of the tent, February 10. This will be an all-day affair, with covered dish luncheon at noon. There will be a program in the morning.

Grand Army Members Install Officers For the Year

Yesterday afternoon's meeting of Sedgwick post No. 17, G. A. R. was of more than usual significance to members of the Grand Army, for at this time officers for the coming year were installed. The newly elected commander, J. H. Brown, was able to be present following a recent illness, and for this members were indeed grateful.

S. W. Sutton, installing officer of the day, was assisted by G. W. Rolfe, who placed the men in office. Those who assumed their duties with the commander, J. H. Brown, were F. M. Grigsby, senior vice commander; J. D. Campbell, junior vice commander; W. J. Lleser, quartermaster; H. E. Smith, chaplain; Daniel Holbrook, officer of the day; G. W. Rolfe, officer of the guard; F. M. Grigsby, patriotic instructor; A. G. Francisco, adjutant, and M. M. Fuller, sergeant.

Three Sons of Veterans were honored during the session when E. J. Parker was named assistant quartermaster and C. F. Miller and J. R. Moore as assistant sergeants. At the close of the installation, Mrs. Lena Hewitt, the new president of Sarah A. Rounds tent, Daughters of Union Veterans, presented Commander Brown with a beautiful potted plant. At the same time she gave an appropriate talk. Other members of the tent present with Mrs. Hewitt were Mrs. Emma Chapman, Mrs. E. J. Parker and Mrs. Frances Fuller.

To conclude the memorable afternoon group singing of old-time songs was enjoyed, with Mrs. Chapman at the piano.

Club Members Enjoy Session of Sewing

Mrs. W. B. Martin entertained in her home on Wakeham place Tuesday afternoon when she was hostess to members of the Domestic Arts club. The afternoon was spent in doing fancy work, and at a late hour avocado salad was served with hot rolls and coffee.

Those present, other than Mrs. Martin were Mesdames T. E. Williams, C. F. Skirvin, W. S. Buchanan, E. G. Summers, C. L. Johnson, H. W. Leeling, W. P. Johnson, T. P. Kingrey, Fleetwood Bell, J. C. Sexton, W. E. Dixon and Frank Elmore, of Little Rock, Ark.

'BLUE ANGEL' HAILED AS EPIC IN SANTA ANA

Overflowing with the richest of screen values—direction, acting, photography, music, eye-and-ear interest—"The Blue Angel" opened at the Broadway theater yesterday and rocked audiences with its awesome dramatic power.

In "The Blue Angel," which can be called "epic" without fear of contradiction, there is enough entertainment material to make three good films, at that. So concentrated, so intense, is the entertainment fare served up in this delectable film dish, that the most voracious film fan's appetite cannot but be appeased by it.

"The Blue Angel" is Emil Jannings' first talkie. That alone should call for some kind of blast on the trumpet or other. But in addition to this there are two other great names in "The Blue Angel" which individually would be unequivocal guarantees of its success as a box office attraction, Joseph Von Sternberg, the director; and Marlene Dietrich, the blond and beautiful leading lady.

This combination wrought their artistic attainments in "Morocco," the Hollywood-made sensation, as director and co-star respectively. Each is a cinematic personality of the first order.

A description of "The Blue Angel"

Be sure it's Kotex

if you want safe, sanitary protection

SAFETY! Security! A feeling of real protection—you simply must have those qualities in a sanitary pad. And to get them it is wise to specify Kotex.

Kotex, you know, is the sanitary pad that is shaped to fit. It absorbs laterally, which means that you get a larger area of protection than ordinary pads give you.

And you can wear Kotex on either side in perfect safety. It gives you the same degree of efficiency. Kotex stays soft, and it deodorizes, too. It is so easy to dispose of. Assures you of that daintiness particular women demand at all times.

Hospitals use quantities of Kotex for their women-patients. They find nothing else so satisfactory. Kotex Company, Chicago.

'BIG MEADOW' OPENS AT FOX WEST COAST

"The Big Meadow," starring John Mack Brown, star of "Billy the Kid" and Eleanor Boardman, comes to the Fox West Coast theater tomorrow, with vaudeville for a three-day run.

The picture is an epic of early pioneer days when the settlers of Virginia decided to move further westward and the trails of Daniel Boone were traveled by a hardy band of home seekers who settled in Kentucky and Tennessee.

Primitive love, hate and passion rule the picture with the unfolding of the adventures of the pioneers, the first to blaze the trail to the west.

Six high class acts of vaudeville also will be seen on the program, while Friday night a special tie-up with the Parent-Teacher association of Santa Ana.

has been announced. The organization has special tickets on sale at a number of Santa Ana places of business and the proceeds of the Friday night show will go to the association to be used in the school banking funds, it was stated.

ANNOUNCE PLANS FOR MATINEES HERE

An additional feature of the Ladies' Matinee on Fridays at the Fox West Coast theater and on Wednesdays at the Fox Broadway theater is announced today by Norman Sprowl, Fox theater manager here.

The prices will remain the same but women who have a coupon clipped from The Register which will appear for the West Coast theater on Thursday night and for the Fox Broadway theater on Wednesday night will be allowed to bring a friend with them for the one price.

A LAUGH FOR EVERYBODY

By MARTIN

BOOTS AND HER BUDDIES

Oh! Oh!

The Tinties' trip around the town soon ended. As the sun went down, they set sail in their big canoe. The Travel Man said, "We will sleep right in the boat to night. I know that all will be all right. With blankets all around us we'll be as comfy as can be."

"I've brought some fruit that we can munch. I think it was a happy bunch. Don't eat it now, though. Wait until you're hungry. That is best. I'm glad the moon is shining bright. 'Twill make a very wondrous night. It seems that every place we go, with moonlight nights we're blest."

Then Clowdy started in to croon a very pretty little tune. The others all were quiet and appreciative. Then the Travel Man said, "That was voice. Your voice is just as good as mine." This made the Tinties laugh a bit. Then Clowdy sang again.

Missing Letter Links

RULES

1. In playing golf on the Missing Letter Links the object is to change one word to another in a given number of strokes which is par. For example, to go from TEE to PIN in three strikes sounds hard but isn't: TEE, TIE, PIN. It's probably more difficult on a real course.

2. Change but one letter at a time and be sure the word you have used is one in good usage.

3. The order of the letters cannot be changed.

SHERLOCK HOLMES—The Stock-Broker's Clerk

A Strange Stipulation

By SIR ARTHUR CONAN DOYLE

"Be in Birmingham tomorrow at one," my visitor said, rising to go. "Pardon?" "Here is a note to my brother, Harry Pinner. You will find him at 126 Corporation Street, in Birmingham, our temporary offices."

"Really, I hardly know how to express my gratitude, Mr. Pinner, I said."

"Not at all, my boy," he returned, "you have only got your deserts. By the way, there is one small formality. Just write on a bit of paper: 'I am perfectly willing to act as business manager of the Franco-Midland Hardware Company, Limited, at a minimum salary of five hundred pounds.'" I wrote as he directed.

"I will write and resign."

"Precisely what I don't want you to do. I had a row over you with Maxwell's manager. He was very offensive. Said they had picked you out of the gutter, and you wouldn't leave so easily."

"The impudent scoundrel!" I cried. "I've never so much as seen him in my life. Why should I consider him in any way? I shall certainly not write if you would rather I didn't."

"With that Mr. Pinner left, after wishing me 'good luck.'"

EVENING SALUTATION

When a man resisteth sin on human motives only, he will not hold out long.
—BISHOP WILSON.

TURKISH BEAUTY TROUBLED

Over in Turkey the so-called "beauty queen of 1931" is facing difficulties. She is Machide Saffet Hanem, a school teacher at Buaykdere, outside Istanbul. After competing in the beauty competition conducted by the Istanbul newspaper La Republique, she is threatened with losing her position and also with having to pay a heavy fine amounting to more than five hundred dollars. As a government employee she violated the law in taking part in the beauty competition.

But that trouble is not all she is having. Various Istanbul newspapers allege that she is not Turkey's most beautiful girl and that the jury which selected her was not representative. She indignantly denies that she uses too much lip-stick and rouge, and feeling is running high between her admirers and detractors.

Regarding the charges that have been made that she is not the most beautiful girl in all Turkey, they are only what might be expected from a nation of gallant men. This idea of passively conceding that a certain woman is the most beautiful in the whole nation, when a man's own wife or mother or sister is a challenging candidate either evidences complete conviction of the folly of beauty contests, or a complete passivity of the quality of chivalry. If the latter is the situation, it would mean that the women of America cannot command lovers in whose eyes they are wonderfully beautiful, regardless of the facts—admirers who would challenge anyone who disputed their right to the title of beauty. But that line of argument leads us far astray for it is nearer the truth that American men aren't taking these beauty contests as seriously as they seem to be in Turkey where they are a novelty.

The beauty that is skin deep can be judged in a contest, but not beauty of spirit, and the kind that one enjoys close association with for years and years.

Silent air pistols were found recently on Chicago gangsters. Now we know what reports mean which say underworld activities are quieter.

KANSAS AS IS AND AS WAS

The Kansas City Star prints a report of its correspondent at Topeka which is in marked contrast to the impression which prevails of a Kansas legislature. Sockless Jerry Simpson and the much-bewhiskered William A. Peffer, of Populist days, no longer have their counterparts. The parade of antiquities which William Allen White described in his now famous editorial, "What's the Matter With Kansas," no longer may be seen. The old Jacksonian moss-back who howled because there was a bathtub in the State House in those days, ran for governor. An old hoopskirt who failed as a business man, who failed as an editor, who failed as a preacher, ran for congressman-at-large. A kid without a law practice was the candidate for attorney-general.

All that is of the past. The conventions and the refinements of life have struck Kansas. "The other day," says this correspondent, "a reporter counted eleven pairs of spats at one time roosting on the tops of the desks of the members. And there were other spats in the hall that were not up on the desks at that time." "The wild Jackass states," as Senator Moses characterized them, are up and coming, and one of the best evidences of that is manifest in just these growing refinements expressed in the spats.

The time has gone by when the Eastern states can look with contempt upon those agricultural states. They are being heard from through their Senators and Congressmen. For ability and aggressiveness we must look to states like Kansas, and Nebraska, and the Dakotas, for it is their representatives who are being heard and who are having their influence in the halls of Congress. There are no backward states. Those which used to be thought of as such are very much to the fore today. Norris of Nebraska, Capper of Kansas, Nye of North Dakota, La Follette of Wisconsin, Brookhart of Iowa,—of whom do we hear more in the national councils?

Lloyd George blames too much coal as being responsible for unemployment. Or, as the British might say, "Old King Coal is a merry old dole."

LABOR PARTY WINS

Ramsay MacDonald at the head of the Labor party, won out yesterday on the vote over the trade disputes bill.

It must still weather the final vote before it becomes a law, and tremendous effort will be made to defeat the Labor government at that time. But before it reaches its final vote, amendments will be offered, and possibly adopted, which, while they will save the Labor government from defeat, will possibly modify the character of the bill itself.

On the other hand, it may be possible that these amendments will be voted down, and the bill may be defeated. However, looking beyond that point, the issue on which the Labor government then would go to the country would be one in which it might have even a larger support of the voters of the British Isles than it had at the last election. This may be the reason why certain forces did not make the situation to the defeat of the Labor government.

CAPABLE MAN CHOSEN

The many Orange county friends of Joseph P. Smith today are felicitating him on his appointment to the post of State Real Estate Commissioner and congratulating Governor Rolph and the State of California on securing the services of this man in a position of public trust and responsibility.

The new commissioner is a democratic, hard working citizen who brings to his task an unusual understanding of real estate values and problems, gained through long years of experience as he grew with the development of Southern California.

His statement, made when apprized of his appointment to the position which was sought by many from all parts of the state, shows that he is a man qualified for public service, for in it he pledges close touch with the problems of his particular profession and protection of the interests of the general public. He will be a representative of all, protecting the weak and aiding the strong.

Another indication of Mr. Smith's ability to properly administer the real estate laws of the state is the high endorsement from the members of his profession which was a factor in influencing his selection for the post by Governor Rolph.

Orange county is proud of the recognition received through the appointment of a second citizen to an important state post under the new administration, recalling that it was not many days ago when Phil A. Stanton was chosen by the Governor to serve on the State Highway Commission.

A NEW ONE

A woman in San Francisco is suing for a divorce, alleging the ground that she has been scolded by her husband because she washed his clothing twice a week.

Each day brings forth a new group of reasons for man or wife to get a divorce. If all the "grounds for divorce," which have been used successfully were compiled, it would be a pretty unimaginative husband or wife, under any circumstances, who couldn't find in such a compilation a reason for his own separation. There are few types of contracts that are considered of less value, apparently, by certain classes than is that of marriage.

Andrea del Sarto

New York Times

Four hundred years ago today Andrea del Sarto died of the plague, deserted even by his wife, who fled in terror and left him to die alone. But as in life, when every Virgin he painted bore a resemblance to her, so in death her image lay engraved upon his heart.

Browning, in his analysis of the painter's character, would have us believe that Andrea himself was faintly aware of the devastating fascination her exquisite person had for him:

Had you, with these (features) the same,
But brought a mind!
Some women do so. Had the mouth there
Urged,
God and the glory! Never care for
gain . . .

I might have done it for you. So it seems:
Perhaps not. All is as God ordains.

Be that as it may, a certain meekness does characterize the work of Andrea del Sarto. Vassari, in spite of overwhelming enthusiasm for his master, recognizes his "timidity of spirit and yielding simple nature" which prevented him from exhibiting "a burning ardor and dash that, joined to his other qualities, would have made him divine."

He studied assiduously the work of the masters and learned much from them. From Leonardo da Vinci he borrowed something of the infinite gradation and depth of coloring which are characteristic of that artist's work, though Andrea's palette was richer and gayer. From Fra Bartolommeo, his contemporary, he gained knowledge and inspiration. Indeed, some of his groups are undoubtedly based on motives created by that master. But he was no imitator; he gave more than he took. He was unsurpassed in his grasp of the resources of the palette, and his rendering of flesh is unequalled. He is the artist without defects, technically speaking, even if lacking in the qualities of imagination, sentiment and conviction which make Leonardo, Michelangelo and Raphael artists of the highest rank.

Nobody Bothers About Mistletoe In This Age

San Francisco Chronicle

Only a smile of amused indulgence will be provoked by the writer in the New York Herald Tribune who protests against what he characterizes as an American error with relation to mistletoe. He dips into scientific and historic erudition to prove that the kind of mistletoe employed by Americans during the Christmas holidays is not the variety that was imbued with mystic significance by the Druids. The American mistletoe, he says, confers no privileges and that you might as well hang a parsnip over a door.

Now this is all very well as showing that the commentator knows his botany and his legendary lore. But, like so many who live in the past, he doesn't seem to dwell much in the present. Why, bless his kindly old heart—we know he must be very old—no one in these candid days bothers about mistletoe. If occasionally at Christmas a sprig is hung from a lintel or a chandelier it is only by way of decoration.

The ancient privilege bestowed on the lady caught under the mistletoe has gone the way of stags and trailing skirts. The young male is no longer compelled to lie in wait for such opportunity and the young female knows that artful innocence might just as well lead her under a parsnip as under mistletoe.

The mistletoe has lost its mysticism because there is no longer any need for it.

Will Shoot a Rocket

Oakland Tribune

A New York man, Dr. Darwin Lyon, has gone to Italy with the vowed intention of sending a rocket fifty miles in the air. Such an experiment, of course, would be of little or no value unless the rocket may come down and bring with it intact some records of what it discovered in the higher elevations.

Dr. Lyon is not attempting to discover "how high is up?" nor does he seek to puncture the Einstein theory there is such thing as space. He wishes to have his rocket come down with a sample of the air fifty miles away from the earth. Science will consider that air well worth looking at.

The Right of Way!

More Truth Than Poetry

By James J. Montague

A SUGGESTION TO NATURE

When blizzards howl about the eaves,
And giant oaks bend to and fro,
When vagrant brown and brittle leaves
Go skipping over fields of snow,
When frost is thick upon the pane,
And footsteps crunch along the street,
And, in a sooty, cawing chain,
The crows patrol their chilly beat,
Upon a frozen world I gaze
And grieve for vanished summer days.

But when the hills are bare and brown,
And little brooks no longer run,
When men plod loping up and down
Beneath a blazing summer sun,
When cattle pant beside the gate
And blue jays chatter, ill at ease,
It seems a weary time to wait
For winter's brisk and embracing breeze,
And find, wherever one may go,
A never-ending stretch of snow.

But in October or in May
I feel the tonic in the air,
And find, with every hurrying day,
An easing of the load of care.
The birds are in the tree-tops then,
The bees are humming in the hive,
The skies are clear and bright again
And it is good to be alive.
How bright would be each passing year
If Spring—or Fall—were always here.

A reactionary is a motor-truck on the highway of progress.

THE AMERICAN TRAGEDY

Unfortunately legislation cannot be made foolproof.

UNFULFILLED PROMISE

Most of the state legislatures will make big appropriations for prison building. And we were told twelve years ago that prohibition would empty the jails.

"When a Horse Balks"

By WILLIAM TRUFANT FOSTER and
WADDILL CATCHINGS

"When a horse balks," says Herbert N. Casson, London editor, "the balk is in his head, not in his legs. He moves on when he thinks he will. This silly depression is in your head."

In other words, the ingredients are all states of mind—one part superstition and two parts fear, thoroughly infused with rumors of disaster yet to come. They are as flimsy as the stuff that dreams are made of.

It is true that we can't create capital equipment out of cheerful thoughts. Nor can we make a machine out of a mirage.

But there is no want of machines. All we need is the courage to put enough money into circulation to enable us to use the machines.

What can we do about it?

Much.

We can stop talking fear. We can stop acting fear.

Then we can cast out a horde of superstitions, beginning with the leader of the pack—the idea that a business depression results from natural law, and nothing can be done about it.

Next, we can tell the rumor-monger what we think of him, in four-square English, straight from the shoulder.

This will put us in the frame of mind to meet every negative bit of gloom with a positive bit of cheer. When, for example, a prophet of despair says, "How discouraging that we are producing so few cars!" we can reply, "How encouraging that we are producing seven times as many cars as all the rest of the world put together!"

When a horse balks, nothing helps him to make up his mind to move so quickly as a fire built under him. Many a business man who thinks he can't move today will be off with a rush tomorrow. The fires are already lighted.

Thoughts On Modern Life

By GLENN FRANK

AN ECONOMIC CRUSADE

It would be a magnificent thing if, during 1931, we could, as a people, focus our energies upon an economic crusade against instability that would evoke something of widespread idealism that marked our mood in war days.

Let me recall the picture of that period.

The war shocked the whole western world into a sense of its spiritual bankruptcy. We were literally scared into a new idealism. It may have proved a transient idealism, but, while it lasted, there was much of beauty and sincerity in it. The trickster and the trader were busy, and there was, I know, much tongue-in-cheek preaching of civilized ideals that were secretly shelved, but for the inarticulate millions throughout the western world war and world politics seemed, for the moment, the supreme spiritual adventure of mankind.

These mute millions were out to make a new world!

The war was a time of sincere, if superficial, moral expansion, one of those spacious hours of human history when even little men take on something of the largeness of the time.

The horizons of men's interests were pushed out. The studied frivolities of the dinner table gave way to serious discussion of the spiritual conflict that was going on above the battle of guns. Men who

had before read little save the sporting page began poring over foreign despatches on world affairs. Men who a few months before had been living narrow and self-centered lives went about like new converts with a passion for disinterested public service. Men gave and fought for peoples they had never seen, for peoples whose names they could not pronounce.

Later retrospections of interest have blurred our sense of the singular exaltation of spirit that marked the war period. Men felt not so much that they were at war as that they were on a crusade. They were out to beat the enemy to his knees, and they would brook no interference with their battling, but, more than that, they were on the hunt for a new world.

The inarticulate millions were in a lordly and liberal mood and were willing to follow a leadership that gave promise of bringing into being the new world they needed.

They were willing to endure the mad and murder of the battlefield because their eyes were fixed on a better and more stable human society at the end of the war.

Something of this sort of nationwide dedication to a war against economic insecurity is possible, and with it we can transform economic America, and we can go far towards the transformation in 1931.

OUR CHILDREN

By ANGELO PATRI

THOSE TOYS

Toys accumulate. Father brings home a woolly bear. Auntie finds a doll that is just the thing. Cousin Mary brings in a boxful of things she thought too lovely to be left behind in the shops. Uncle Godfrey specializes in balls and Grandma in tiny automobiles. Soon the child can scarcely see over the top of the heap.

It seems to me that the toy store of the family ought to be administered better so that there is rotation of toys, a stimulation of different interests, an ability to be content with little and make the most of it. All of these points are valuable to the training of children.

Toys are the children's tools. They educate themselves by their play. If there are too many toys on the scene the child sees none of his riches. There must be a selection and as the children who use toys are too young to make selections that are worth while, mother will have to do it.

Try to have a closet for toys. A basement where children play is ideal for this plan. The closet can be handy to the playroom. If there is a barn there can be a closet there. An attic, when one can be found, is the right place for play and for toys that are stored.

Select a few toys that interest the child. Always make sure to have one toy that he can do something to, or with, that will change the situation. Blocks do this, sand and modeling clay, and puzzles do this. Add one that provides activity—balls are for this. And one that is passive, just as a comfort toy, such as a Teddy

Bear, or a rabbit or a little horse on wheels.

Put all the toys that are not in use out of sight. Lock them up. Allow the child to play with those he is using until he seems to have need of something else. Then change off. Put the one he is weary of in the closet and let him have a new one. It is surprising and pleasing too, to discover that an old toy brings new joy.

When the toys are broken, take them away from the child. If they can be profitably mended, well and good. If not, throw them away and be done with them. It is distressing to the nerves of a child—to say nothing about those of the adult, to have a lot of broken toys about the house. Mend them or get rid of them.

By allowing the child to have but a few toys at a time we teach him to attend to the business in hand. We teach him care and economy. We teach him to do one thing at a time, to attend to one idea at a time. We conserve his energy and stimulate his thinking. That is what toys are intended for.

It is easy for a child to put a few toys away when he is through playing with them. It is not so easy to do so when the whole place is littered with them. Just a few at a time. Change them when necessary. Administer the toy supply intelligently. If we can manage this the child will benefit by his play.

MONITOR'S LAUNCHING

On Jan. 29, 1862, the Monitor, the first successful iron-clad vessel in the history of the United States navy, was launched at Greenspoint, L. I.

Ridiculed at first as impractical, because of its odd pillbox shape, the Monitor proved when it met the strong Confederate craft Merrimack and forced it to retreat in a disabled condition.

Two months after this victory the Monitor, with other Federal vessels, made an unsuccessful attempt to capture Richmond. The famous ship ended its career on Dec. 31, 1862, when it foundered in a storm off Hatteras and sank with four officers and 14 men.
